164 election officials picked for primary

A record shattering 164 election managers and peace and returning officers were chosen Tuesday by the county Democratic executive committee to man the ballot boxes in the Aug. 8 primary.

The number is because there'll be 41 precincts to be held in the bumper field expected to vote. There are 21 precincts in the county and 13

of them are being broken into one or more sections to expedite matters.

Leo W. Seal, Jr., committee secretary, said he hopes the system will enable the election officials to finish counting about midnight, Aug. 8, rather than dragging through the night and next day in some cases.

The action to pick the officials moved swiftly and selections were completed within three hours. Candidates for the board of supervisors supplied lists of names they wanted to see at the polls and committees chose from those, plus suggestions of their own. There was only one wrangle and that was settled by drawing three of four names from a hat.

Moving the location of four precincts was recommended by the committee to the board of

3 election schools set

Three schools are planned for election officials next week.

Classes for managers and peace and returning officers in Beat 1 as well as the Clarendon Harbor, Lakeshore and Arlington boxes of Beat 5 will be at 7 p.m. Tuesday at Gulfview School, Lakeshore.

Managers for Beat 2, 3 and 4 precincts will go to classes at 7 p.m. Wednesday at Hancock North Central School.

The session for those in Beat 5, Lakeshore and Waveland as well as Edwardville will be at 7 p.m. Thursday at Bay Junior High School auditorium on Carroll Avenue.

... for tax assessor

... for Beat 1 supervisor

2nd forum slated servicemen voting

A second forum for the balance of the county candidates in next month's primary is planned for 7:30 p.m. Wednesday at the Courthouse, according to organizers of a panel last week for the 26 running for the board of supervisors.

With the Democratic primary just 12 days off, applications for military ballots have been moving briskly, reports Deputy Circuit Clerk Henry Oda.

So far 71 military ballots have been mailed for the first and second primaries while 17 have been issued for the first primary only to local National Guardsmen who will be on active duty the first two weeks of August. Military wives are eligible for absentee ballots only if they are stationed with their husbands, Oda emphasized.

Transportation workers may start absentee voting next week. The circuit clerk's office will be open from 8 a.m. to 5 p.m. Monday through Saturday for this purpose. It will close at noon Wednesday, however.

Four more candidates in the primary made their formal announcements this week in the Sea Coast Echo.

Boye Holloman of Wiggins announced for re-election as district attorney for Hancock, Harrison and Stone Counties.

Wesley Lader, former Box 4 member of the port and harbor commission, came out for sheriff and tax collector.

Melvin Lader of Deadeaux announced for tax assessor.

Irma Delacorte of Pearl River added her name to the roster running for Beat 1 supervisor. She's the second woman to seek a county office in Hancock this year.

Invitations to Wednesday's forum are being extended by telephone to the 65 county candidates for office other than supervisor, according to Mrs. Ralph Lary, who is helping organize the effort. Any one who is not reached by phone should appear anyway, she said.

Five minutes will be allotted each candidate for sheriff while the others will get two minutes apiece. They include circuit clerk, chancery clerk, assessor, superintendent of

**Bourgeois.
Yarborough
in run-off**

There's to be a run-off election next Saturday, Aug. 5, to decide whether Duane Bourgeois or Herman Yarborough will be Waveland's new alderman from the 3rd Ward.

The run-off resulted when each of the three candidates won a majority of the vote on last Saturday. Bourgeois won with 122 and Yarborough ran second with 83. The third was Joseph Griffin who polled 67 votes.

The winner will fill the unexpired term of the late Anthony T. Hargrove.

NEW FOUR-LANE STRIP OPENS — Highway Commissioner John D. Smith, top photo, speaks Friday afternoon at opening of 4.5 mile stretch on U.S. 90 from truck scales to old Rt. 48 intersection. Below, Hancock County's Miss Hospitality, Dale Russell, unveils ribbon opening road to public. Flanking her are Smith and J. Ruble Griffin, attorney for board of supervisors who was master of ceremonies. Rev. Charles R. Johnson of Christ Episcopal Church gave opening and closing prayers. Smith, chairman for re-election this year, told audience timing of ribbon bridge over Bay of St. Louis and Pascagoula to go forward by state law. He predicted bonds would be paid off within next two years to free them.

Stock law Without fanfare New railroad bridge to debut next week

State legislation is necessary before Hancock County can legally vote on going back under the stock law, Ruble Griffin, attorney for the board of supervisors, advised the members Monday.

He explained the technicalities after Delph Keller of Beat 2 and Jack Lott of Beat 4 complained that in campaigning for re-election they had encountered many protests over cattle roaming at large on the state roads.

The law, Griffin said, does not provide for an election to go back under the stock law once a county has decided to come out from under it. That's what happened in Hancock's case. Petitions on the question

(Cont. on Page 10-A.)

Railroad engineers who would rather fight than switch have always had a problem but unless they amend their ways now week they're going to get wot.

Without formal fanfare next Tuesday or Wednesday the Louisville and Nashville Railroad will throw the switch and route trains over its new 1.9 mile long concrete bridge in the world, across the Bay of St. Louis.

Dick Whitaker, chief consulting engineer, Hazlet and Erdal, Louisville, Ky., railroad engineering representative on the job, says no special train is planned but when crews are ready and all track in place, the next train along will be the first train across.

The Bay of St. Louis to now

abut to navigation as prime contractor Brown and Root, Inc. of Houston, Tex., personnel close the two open gaps left in the new structure for passage of water vessels. The gap was made necessary as the existing trestle's opening could not clear the new bridge when open due to the closeness of the two structures.

By the same token the new opening will seal the old trestle when operated. This means construction crews will begin demolition of that trestle as soon as the first train has crossed the new bridge.

A gap will be punched into the proposed open deck timber pile open, built in 1899, and the Bay will be re-opened on Aug. 3 for water navigation.

Demolition of the old struc-

ture will begin from the gap and proceed towards Bay St. Louis. Track will be pulled up right to Second Street. On completion of removing the trestle, track crews will tear out all rails on the Bay side, other than the new main line, to permit excavation of drainage ditch. When proper drains have been installed, the paving track between Beach and Second Streets will be re-laid.

Construction men will then tear down the trestle, including the existing opening open, back to the Pass Christian, Henderson Point, side. The L&N wants to salvage some portions of the structure and these will be loaded aboard trains on that section.

By late September or early

(Cont. on Page 3-A.)

Sales tax sprints with annexation, levy hike

Waveland's sales tax rebate took a big jump forward in June, funding \$2,432.57 to the town's coffers. The jump occurred as the result of the half cent tax increase and annexation.

In the occupied big article in a row, May's figure was \$1,405.59 compared to \$904.88 for April.

Two other checks also went into the general account. One was for \$987, payment on the principal Payor Co. franchise, and the other, \$1,599.99 from the Municipal Aid Fund.

On the spending side, council withheld action on bids for a garbage refuse truck body. Taro bids on the unit were opened.

Hall Supply and Equipment Co., Jackson, bid \$1,777.50, with payment of \$100. 6 for 29 months with a final coupon of \$199.12 on the 24th month, due to revert to the town at that time.

Transportation Equipment Co., Inc., New Orleans, offered 24 payments of \$217 per month with title to revert to the town for a total of \$5,208.

A third bid from A. P. Lindsey Distributor, Inc., Jackson, was disqualified for failure to meet specifications.

Town attorney Lucius Cox, Jr., recommended taking all bids under advisement until the unit can be compared with the specifications. These called for an all enclosed rear end loader type unit, the garbage unit to be mounted on a truck chassis purchased by the town last month.

Also taken under advisement was a bid from Emory Equipment Co., Inc., Breaux Rouge, La., at \$3,678 with \$289.00 more for boring catwalks.

Main item of consideration here was whether or not the trash-

the purchase of an additional

A phone call from Harbor Board of Gerry Lane Chevrolet cancelling a police car order received as the result of being tax bidder led to some lively discussion. The reason given for the order was that the factory was no longer manufacturing police cars.

After discussing the matter, the board decided to let Cox write the company and obtain confirmation of the cancellation in writing before taking any further action.

Aldermen approved town payroll payment of \$1,627.07, and voted and gas expenditures payroll payment of \$400.22, and also granted tax exemption

(Cont. on Page 3-A.)

YONSE MOMENT — Quick fall in Waveland polls Saturday as election commissioner Paul Mayby announced a run-off between Duane Bourgeois and Herman Yarborough for post of Alderman, Ward 4. Joe Griffin was third man in race. Other commissioners Alvin Lader and Charles Lader Moxon as do Mrs. Fred Bourgeois and Mrs. Rebecca Mayby, who assisted in vote tally.

The office will be open from 9 a.m. to 12:30 Saturday to encourage small advertisers to bring in early. THANK YOU!

My vote and support appreciated

(Pd. Pol. Adv.)

WHITFIELD

FOR

SHERIFF

(FULL QUALIFIED) -
READ AND DECIDE

Completed my schooling in Raymond Junior College, Raymond, Miss. in 1934; spent four years in the U.S. Marine Corps in police duty; 40 months with the U.S.N.C.B. in World War II, again with some police work in Washington.

Will I manage the Sheriff's office?

I will use paid deputies with patrol cars. I will pay a salary. I will hire good men after screening them for character. Instead of adding more patrol cars I shall hire men on 20 or 30 night watchmen. These men will be our citizens who are able to do light duty and able to use their brains. They will be trained to quietly call the motor company to apprehend the culprit in the act.

Our colored section I will use our older colored citizens. Older citizens need extra work so many draw small security checks and many of them can do watch and service.

My intentions are to work with all public officials in the improvement of our county as a whole - all Beats, including municipalities as well as Bay St. Louis. Justice to all, regardless of race, color or creed.

Family. Married Nita (Lee) Whitfield, employed at the T.G. & Y. for past three years. I am employed in Hancock General Hospital as a male nurse. I was in 1965 and still work. I have five children, Sharon (Whitfield) Crow, Phoebe; Sandra (Whitfield) Frige, Sulphur, La.; Jeff, Jr., U.S. Navy Electronics Expert, Colorado; and Whitfield, U.S. Navy, Vietnam; Mary Whitfield, Bay St. Louis, home.

I have 10 grandchildren. I am 53 years of age, old but know, young enough to go.

Thank you to vote for me for Sheriff and Tax Collector.

Thank you and God bless you.

RAILROAD BRIDGE...

(Cont. from Page 1-A.)

October all demolition work will be finished and construction postponed.

Track crews, responsible in between trains will add further ballast to the new main line to reduce it another two inches on the new bridge. This will then bring the track line level alignment with the old approaches.

On the Bay side the crews will work up the rails across the beach until the new level is reached and then finish approach and clearing construction work.

Railroad communication and signal power cables have been installed in trenches running along the north side of the new approach, as far as known, no private organizations are intending to utilize the structure to carry telephone or telegraph lines. These cross the bay in submarine cables.

Official inspection of the \$4.9 million bridge is scheduled for September. This will be done in two stages - one, the inspection of the top side of the bridge using a rail car and two, an underneath inspection by boat. If all in well final payment to the prime contractor will be approved at that time.

The new bridge, the longest span between New Orleans, La., and Mobile, Ala., is 15 feet higher than the old structure and offers a closed swing span navigational clearance of 13.9 feet and a horizontal clearance of 100 feet.

With an increased carrying capacity the structure will permit faster movement of trains carrying greater loads along the railroad's main line.

The new bridge, two miles plus long counting approaches, replaces the present 68-year old trestle, vulnerable to fire and storms. The trestle required an entire new deck after the 1947 hurricane, and was extensively damaged in Hurricane Betty.

Clarence Vernon Lee

CANDIDATE FOR

Supervisor District 2

THIS I BELIEVE

I firmly believe that the Port and Harbor of Hancock County as well as the Airport will be a future boost for our county, however, I find it hard to believe that we have to wait for the completion of these two projects of industrial development in our county.

How many counties in the state of Mississippi do not have access to waterways and air traffic? You will find that these counties are booming with industrial development.

I firmly feel that with proper representation and a qualified industrial minded Supervisor from District 2 who can put political pressure on the authorities of this state and if necessary the authorities in Washington, D.C., could have industrial development in our county long before the port and harbor is complete.

When I speak of political pressure, I speak of someone who has no political machine over his head and someone who has no one with a thumb on him telling him what to do.

I offer you and firmly solicit your vote for this man in this coming election. Without such representation the children of today will have no hope for tomorrow in our beloved Hancock County.

CLARENCE VERNON LEE

Candidate for Supervisor District 2

Cigs, the WCTU and political ads

For some years in the name of "fairness" a station that "gives" free time to one political aspirant has been required to give similar time to his major opponents. The key words, however, have been "free" and "political".

Now comes the Federal Communications Commission and rules that the equal time rule applies to all commercials advertising tobacco products. In the same line "Broadcasting" magazine tells of an appeal of the Women's Christian Temperance Union who is considering asking for equivalent time to answer beer and wine advertising.

Repeal of the equal time rule for radio and TV regulations apply to them and not to newspapers. In addition the use of tobacco is considered to be a health hazard so maybe we are premature in carrying wolf. Nevertheless the Echo and almost other publications rely on advertising to pay the way for carrying news and other articles and this seems to us to be one more step in controlled news. We feel that anything that can be sold to the public really has the right to be heard to the public through truthful advertising.

THE ISLAND OF ANGUILLA (180 m. east of Puerto Rico; 35 sq. miles of coral; pop. 6,000) last week declared independence from Great Britain and applied for annexation to the United States as a territory with the same status as the Virgin Islands. Seems that Anguilla recently got home rule as an associated state along with St. Kitts, Nevis and three other isles in a Caribbean Federation. But Anguillans don't want to be linked to St. Kitts and Nevis, because those larger and more prosperous islands treat Anguilla badly. ("Anguillans prefer death to the oppression of St. Kitts," they cabled U Thant.) Washington, stonily rebuffing the decade's most loving gesture toward America, declared that such a proposal could come only from London. The State Dept. may have been afraid that a welcome to Anguilla might start a trend: Wales, Scotland, Gibraltar, Hong Kong.

Tax load \$1,790 per family here

(Special to the Sea Coast Echo)
 NEW YORK - What is the total tax burden of a family in Hancock County?
 What is the value of the benefits it receives in return, as a result of government outlays for schools, public health, police protection and the like?
 Some practical answers to these questions are provided through a special study conducted by the Tax Foundation, the non-profit organization concerned with government fiscal problems.

It shows that, in most cases, the benefits and the tax burdens do not balance each other. Some people get more for their money than they pay.

In Hancock County, where the average net income last year was \$4,000 per family, the tax load was approximately \$1,790 per family. This included income taxes as well as direct taxes.

The value of the benefits received by the average family in Hancock County was \$1,790. The Tax Foundation study included income taxes, property taxes, sales taxes, and other taxes.

In addition, there are general benefits, such as public health, police protection, and education, which are not included in the tax load.

For the average family in Hancock County, the tax load was \$1,790. This included income taxes, property taxes, sales taxes, and other taxes.

The tax load for the average family in Hancock County was \$1,790. This included income taxes, property taxes, sales taxes, and other taxes.

For the average family in Hancock County, the tax load was \$1,790. This included income taxes, property taxes, sales taxes, and other taxes.

round. Their taxes exceed their benefits by a wide margin. How much of a man's working day is devoted to earning the money to meet his tax bill? The Tax Foundation finds that most people need 2 hours and 25 minutes, out of an 8-hour day, to do so. That is 6 minutes more than was required a year ago.

As others see it

Qualified For The Office...

It is with pleasure and a great deal of pride that we announce our support of the candidacy of our Garvin H. Johnston for the office of State Superintendent of Public Education. Although he is a native of Marion County, we call him "our own" because he has been connected with every phase of education in Pearl River County.

Mr. Johnston has the training and experience which qualifies him to render a great service to the people of Mississippi in the field of education. He has enjoyed a successful career as a student, classroom teacher, principal, school superintendent, an administrator in the State Department of Education and as president of a junior college for the past 14 years. Few men are so well equipped with information vital to the successful administration of the office of state superintendent.

He has had experience with and actively worked in every phase of education in our state. He attended Pearl River Junior College as a student and has received degrees from two major Southern universities, plus doing graduate work at another. He taught in the classrooms, served as a high school principal, superintendent of two high schools, as high school supervisor in the State Department and as junior college president. In addition, he has served on evaluation teams at other institutions, headed the Mississippi Education Association and visited the campuses of many schools in various capacities.

Through actual experience, Mr. Johnston knows the problems of students, parents, teachers and the educational system as a whole. He is vitally interested in a progressive program offering training to all the young people of the state.

Mr. Johnston has been a good citizen of our community, a good husband and father, interested and active in his church and has the personal integrity and stability necessary to successfully administer this executive position.

We urge his election.

"A Conservative View"

by James J. Kilpatrick

The electric car bill has run out of gas on Capitol Hill, and not even the energetic promotion of Senator Magnuson and his friends is likely to get them back on the road. For the time being, at least, the government will keep its hands off the throttle.

Several factors account for the cooling of a legislative package that was hot only a few months ago. Foremost among these is the increasing opposition of automobile to the automobile, the electric car, and the electric car. The last thing they want to do is to let a new car come along that would take the place of the old car.

The electric car bill has run out of gas on Capitol Hill, and not even the energetic promotion of Senator Magnuson and his friends is likely to get them back on the road. For the time being, at least, the government will keep its hands off the throttle.

Meanwhile, other companies are searching for a billion-dollar breakthrough in battery design. General Dynamics is working on a zinc-air cell battery. Ford is actively interested in a sodium-sulfur cell. General Motors and General Motors are working with lithium-nickel and lithium-chlorine. Westinghouse is in the act. The Edison Electric Institute is all charged up.

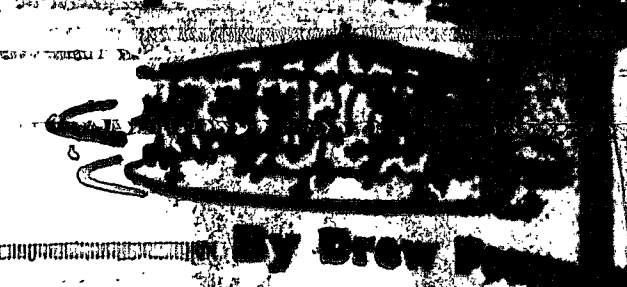

All this activity is bound to pay off probably within the next five years—in the production of an electric car that would meet minimum design requirements. Such a car would travel 150 to 200 miles without recharging. It would reach speeds of 50 miles an hour or more; it would be safe and inexpensive. Best of all, it would be both easy-to-drive and easy to maintain. By 1960 it might be as common as the car of today, and it might be as good as the car of today.

1 HOT MIX ON THE BEACH - Supervisors Charles Lovings, Ralph Kellar and Jack Lon inspect operation of county equipment reconstructing South Beach Blvd. between Booker and St. Charles Streets badly damaged since Hurricane Betsy hit 22 months ago. Installation of city water and gas lines added devastation.

FORUM FOR CANDIDATES - Arlio Strode, one of several running for Beat 1 seat on board of supervisors, addresses forum last Wednesday night at Courthouse at which all 26 candidates for supervisory posts were invited.

Merry-Go-Round

WASHINGTON - Vice President Humphrey, in his keynote address at the annual meeting of the National Negro Leadership Conference, urged Negro leaders to be willing to speak out against violence, or to be willing to be themselves out of the mire of poverty by instead of trying to use force.

In particular, Humphrey urged the Negro leaders to knock down the idea that government is the enemy. He said that the Negro leaders should be willing to speak out against violence, or to be willing to be themselves out of the mire of poverty by instead of trying to use force.

He also urged the Negro leaders to be willing to speak out against violence, or to be willing to be themselves out of the mire of poverty by instead of trying to use force.

Madagascar Negro leaders admit this, calling it a "white man's burden." Some even suggest that white people will be no allocated the burden of all Africa to the Negro leaders of Africa. And in Madagascar, this would mean the Negro leaders would be called on to do the burden of paying for improvements in the island.

Power drive a microphone. Some even suggest that white people will be no allocated the burden of all Africa to the Negro leaders of Africa. And in Madagascar, this would mean the Negro leaders would be called on to do the burden of paying for improvements in the island.

Even in Arkansas the National Guard is being used to be mechanized in its attack on Sunday, and provides the local facilities for two weeks at the Guard camp, Camp McCain. And all this is integrated in a state where it is called on to integrate Central High School in Little Rock just ten years ago.

Resnick still talking

Rep. Joe Resnick of New York is continuing to talk about the tax-exempt Farm Bureau despite the fact that the House Agricultural Committee has rejected the Farm Bureau to shut him up.

"The Farm Bureau," says Resnick, "has been a right being a tax-exempt organization of General Motors of its insurance companies, American Agricultural Insurance, earned \$574,241 in 1966 without paying a federal income tax, real estate tax or investment tax."

Rep. Resnick intends to keep on telling the truth.

Near East rumbling

Negro from the Near East continues to be discussed in the United States. The United States has been discussing the war against Israel. There is division on timing here.

President Nasser has warned it will be at least ten years before enough Russian equipment to be on hand for the President Boumedienne of Algeria and President Assad of Syria are important. They want to resume hostilities in the form of guerrilla activity behind Israeli lines.

Significantly, Algerian and Sudanese troops have moved positions along the Suez Canal to bolster the Egyptian front troops have moved into Jordan.

Egypt's position is becoming more and more precarious. Egypt is being dominated by Egypt. From the Egyptian planes could control the Red Sea and the Gulf of Aden. This could easily capsize the world's oil supply.

Recognition of the Russian to not entirely clear. Deputy Minister Jacob Malik is reported to be going to Cairo to tell Nasser that the Russian will not intervene to save the Arab world another outbreak. On the other hand, the Russian will consider an ominous sign and possibly indicative of intervention.

Hijacking game

In Africa, the white country of Rhodesia is holding off airplanes belonging to Air Congo and refusing to return the planes to the Congo government makes a request for normal diplomatic channels.

If the Congo should make such a request, it would be a recognition of the white supremacy government of Rhodesia.

Recognizing the white government of Rhodesia is the thing the black Congo will do.

Don't be surprised if Congolese soldiers simply take airplanes belonging to Air Rhodesia and keep them in the Congo until they are returned.

Business with Red China

Sen. George Aiken is digging deeper into the deal which American businessmen have been making with China.

It's evident the law for American citizens to do business with China. The law says that American citizens are prohibited from doing business with the Red Chinese. The law says that American citizens are prohibited from doing business with the Red Chinese.

For the record

Two months ago the Washington Merry-Go-Round had a column on Mayor Jerome Coughlin of Grand Rapids, Michigan. The column said that Mayor Coughlin was a "fascist" and that he was "a threat to the peace of the world."

However, on July 19 all Detroit newspapers carried a page article that Mr. Coughlin had died. The article said that Mr. Coughlin had died of a heart attack. The article said that Mr. Coughlin had died of a heart attack.

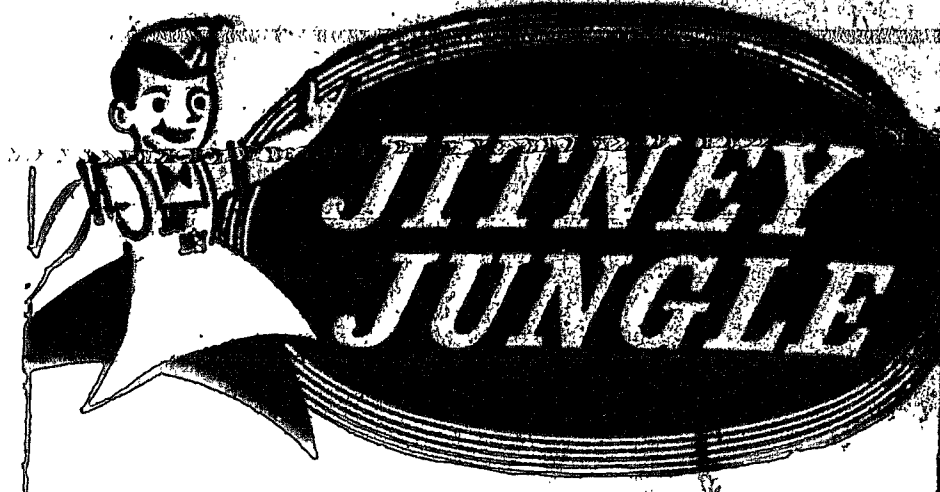

State librarian coming next

Mrs. E.C. Bennett, president of the City-County Public Library Board of trustees, has received a letter from the State Librarian, Mr. J. B. Smith, asking her to recommend a person to be considered for the position of State Librarian.

Mrs. Bennett has received a letter from the State Librarian, Mr. J. B. Smith, asking her to recommend a person to be considered for the position of State Librarian.

Choctaw days in Hancock recalled

There were 1,500 Chinese babies living in the county last of March, 150 years ago, according to the latest census (taken of the Gulfport Chamber of Commerce).

Noting that close ties to the 150th birthday of Mississippi as a state, Mr. James Stewart, Gulfport chamber proxy, recalled:

Memphis County, extending from the Pearl River to Biloxi where it joined Jackson County, and East Jordan and Amos Burnet to the opening meeting on July 7, 1817, of the Constitutional Assembly at Washington, Adams County where, with its other main collection of "Montgomery" over "Washington" (as the new name was given) by a vote of 23 to 17.

and by August 13, 1917, they adopted a very practical Constitution.

"In the 1916 Census, there were 43,083 free white people, 23,482 free colored, and 9,093 slaves on the list of 75,658 people in the Mississippi Territory. Indians were not estimated.

"The County court of Hancock (modifying present day Harrison organized in 1841) was at Camden, which at one time had 1,800 Cherokee Indians, poor present day Choctaw. This was an old Cherokee Indian town northwest of Florence, now on the very edge of present day Harrison County.

"In 1917 Constitutional Convention, several efforts

Mrs. George Anderson, her son and daughter-in-law, Mr. and Mrs. Robert Anderson and daughter Terri, who arrived last week from Seattle, Wash., for a visit of several weeks with his mother, left today for Little Rock, Ark. They will visit there for a few days with the former's brother-in-law and sister, Mr. and Mrs. F. L. Cook.

Mrs. Edward F. Chase of Belmont, Mass., is spending two weeks with her son-in-law and daughter, Rev. and Mrs. Ray Worthington, and daughter, Elizabeth Ann.

Mrs. Victor Frankiewicz, Hancock County welfare agent who was confined to Hancock General Hospital for several days last week, was discharged Saturday and is back at her desk.

Mr. and Mrs. Sidney Chevin of Jackson returned home Tuesday after a visit of several days with their parents, Mr. and Mrs. John Chevin and Mr. and Mrs. Edward Murrigh. They had returned from a trip to Miami and Orlando, Fla. where they visited his brother-in-law and sister, Mr. and Mrs. George Proulx and family.

Mrs. B.A. Arendale of Fort Walton Beach, Fla., is visiting Miss Alma Parker. Saturday they enjoyed an all-day boat ride up Pearl River and Sunday they visited friends in Long Beach and Gulfport.

Mr. and Mrs. Frank J. Schindler enjoyed a visit to Sarasota Jungle Gardens while vacationing on Florida's lower west coast where they mingled with flamingos and other rare wild fowl from every continent which roam in the gardens.

Mrs. Chester J. Moore returned last week from a five-week art seminar at the University of the South, Seawee, Tenn., where, in addition to enjoying a mountain vacation, she attended classes in sculpture, art theory, painting and drawing, and printmaking. Mrs.

I believe that legislation enacted by our present State legislature has seriously hurt our tourist business on the Mississippi Gulf Coast. VOTE FOR THEO SMITH POST #1, who will try to help you regain your tourist business.

(Pd. Pol. Adv.)

A. C. "Mitch" MITCHELL

CANDIDATE FOR

CHANCERY CLERK

TO THE QUALIFIED ELECTORS OF HANCOCK COUNTY:

On Jan. 5, 1948, I became your Clerk of Courts (Chancery and Circuit) which position I held continuously until Jan. 4, 1960.

In September, 1947, prior to my taking office, the area was hit by one of the worst hurricanes in our time causing 13 deaths in our county. Many of our people were homeless and desolate. The Beach front suffered untold damages and roads and bridges were washed out.

To show the actual financial picture of the county when I took office on Jan. 5, 1948, following are fund balances taken from the record on that date:

Advertising Fund	(on hand)	\$425.81
Courthouse & Jail	(overdrawn)	1,245.46
Forestry	(on hand)	178.64
General County	(overdrawn)	13,652.49
General County, Special	(on hand)	1.30
Health & Sick	(overdrawn)	52.36
Judicial	(overdrawn)	1,583.26
Pauper	(overdrawn)	230.82

TOTAL (OVERDRAWN) \$16,158.64

Highway Fund	(on hand)	\$ 58.20
Road & Bridge Maint.	(overdrawn)	20,566.08
Road Protection	(on hand)	3.22
Seawall	(overdrawn)	320.16
Bridge Fund	(overdrawn)	1,677.79

TOTAL (OVERDRAWN) \$22,502.61

Road Protection Bond	(on hand)	8,108.26
Road & Bridge Bond	(on hand)	2,083.70

TOTAL \$10,191.96

You can readily see that there were more than \$38,000 of warrants in circulation issued by the County, without a dime in the bank to pay for them. Many business houses and county workmen suffered hardships and in many cases were forced to take a loss of 25 per cent to get them cashed by speculators who held the warrants until money was available. You can also see why the county could not borrow money or float a bond.

But within a year all these outstanding warrants, and about \$100,000 past due bills were paid off and your county was on a cash basis and remained that way during my entire tenure of office. Also, all bonds maturing, together with

accrued interest during this period, were paid off on or before the due date and there was no default.

In just a few short years Hancock County bonds were readily acceptable to the market and in some instances, premiums were paid to obtain them. The records show that the positive balance of all funds in the county was well over 12 million dollars more.

As your Chancery Clerk and Auditor I became my duty on numerous occasions to over or disallow warrants in payment of payable claims. This alone was a saving of thousands of dollars. It also became my duty to hold up other questionable spending until the power given the Clerk by statute as Auditor was exercised. IT IS OF THE UTMOST IMPORTANCE THAT YOUR COUNTY AUDITOR EXERCISE ALL THE POWERS GIVEN HIM BY THE LAWS OF THE STATE OF MISSISSIPPI TO CURTAIL ILLEGAL SPENDING.

During my tenure of office I have built four new schools including the Central. Land was purchased and built a cash where your hospital, now the general health center is located. Land was purchased and an airport constructed. Also the Burial Necaise Avenue that houses the Auditor's Department and various state, county and local offices was bought and remodeled for the general sand beaches were constructed.

For all these improvements, the only increase was for bond issues to build the hospital. There were other bond issues for teachers' homes, additional classrooms, gymnasium, etc., but this increase was offset by two overall tax reductions.

ALL THESE IMPROVEMENTS WERE ACCOMPLISHED WITH AN AVERAGE OF LESS THAN THE PRESENT TOTAL ASSESSED VALUATION.

In asking for your vote to this important office, I submit my experience, integrity and other proven qualifications.

SINCERELY

Pascagoula dampens Bay all-star hopes

The Bay Dingo Youth All-Star baseball team got vaporized by favored Pascagoula 10-1 Tuesday in the district tournament at Long Beach.

Rocky loads

Traps, Chateau to clash

Action in the Men's Softball League play-off was postponed after Friday's games to come of the teams could compete in the district tournament now being played in Biloxi. But after the annals had cleared from the local scene, Southern Realty eliminated Traps and Chateau and slated to clash for the right to battle Southern Realty in a best two out of three series for the league championship.

Two games were played last Monday. Traps defeated Chateau 9-1 with Gus Almo on the mound and Southern Realty blanked Anthony 21-3 with Claude Vanborough striking. Losing pitchers were Ronnie Farrel and J. E. Lefebvre. The loss was ruled out Wednesday but resumed on Friday, Chateau vs. Traps. Traps 4-2 and Southern Realty defeating Anthony 12-6. Winning pitchers were Farrel and Vanborough, Lefebvre, Almo and Lefebvre.

The final games will be played after the district tournament probably next week.

1st Baptist youth to go to retreat

Young people of First Baptist Church will attend a retreat Aug. 4-6 at Gulfport, Miss.

The Youth Council, composed of Freddie Eubank, Drew Williams, Mary Kay Dearing, Jack Walker, Gary Walker and Barbara Williams, elected Wanda Carroll as youth pastor. He is presently studying for the ministry at William Carey College, Mississippi.

The council will be in charge of the program. Rev. J. W. Brinson, Superintendent of Gulf Coast Baptist Ministers, association, will speak one of the classes on Christian service. Rev. John T. Dearing, pastor of Bay St. Louis Church, will speak on understanding of the Bible.

Carroll will conduct two devotional and give a normal Sunday morning.

Vocational courses Friday and Saturday evening will be followed by a youth discussion on problems of teenagers and how to manage them. This will be followed by a testimonial on the Bible.

Sunday's panel discussion will be on what do you want to be? Among recreational activities Friday and Saturday afternoon will be swimming, fishing, golf, tennis and fishing. Counselors will be Floyd Christy, Wanda Carroll, Glenda Bolero, Mrs. Bolero, Mrs. Toy Tedder and Mrs. John T. Dearing.

CAR FIT BUDGET: Mr. William Stewart and daughter Linda pose with salesman Dave Sloan by Linda's new Chevrolet.

I am William Stewart and this is my daughter Linda. We live in Perkinston, Miss. She drives back and forth to work every day and needed and wanted her own car. She started looking around and couldn't find the kind of car she wanted for the amount of money she had allocated from her budget. That is, until she met Dave Sloan of Garry Lane Chevrolet. She told me about the car and the personal of this new Chevrolet. I have five Chevrolet cars and trucks on my farm having bought a lot of equipment in my life - I was impressed with the courtesy, enthusiasm and the reasonable prices on the cars we looked at here, needless to say we bought.

ELECT

Melvin Joseph Ladner

Tax Assessor, Hancock County

I am 34 years old and have lived in Hancock County all my life.

I attended school at Dadeaux. I am married to the former Yvonne Nocella. We live in the northern part of the county with our 10 children.

I am for lower taxes and equal accommodations.

YOUR VOTE AND INFLUENCE APPRECIATED

Thanks

(Pd. Pol. Adv.) MELVIN J. LADNER

RECORD OF PROGRESS

R.G.

"MANNY"

HUBBARD

SUPERVISOR

....BEAT 5

PAST

MACHINERY 1 old truck

ROADS BUILT Minimal. Few paved

HEALTH CENTER One room behind City Hall

HOSPITAL Private, emergency 3 room frame building

COUNTY HOME 5 or 6 patients in frame building on site to get above flooding at Bayou LaCrosse

AIRFIELD NONE

INDUSTRIAL PARK NONE

PRESENT

Over \$400,000 of road building and hard surfacing equipment.

At least 30 miles of roads have been hardsurfaced, with many more in the planning stage; and hundreds have been opened which were just lines on a map before!

Modern, well staffed, in brick building next to hospital.

50 bed modern, brick, county hospital.

18 patients in attractive, comfortable, modern home on rear of hospital grounds.

Landing strip built to accommodate light planes and flying enthusiasts.

Contracts have already been given for the clearing and grubbing of the industrial site on McIntosh Bayou.

FUTURE

Continually keep road equipment up to latest and best available, with plenty more needed.

Goal of paving every street and road!

Full time physician to serve as Health Officer.

New building to house from 150 to 300 beds.

Eventually transform the present hospital into a convalescent home for the needy.

Five Jet Airport to accommodate commercial airline, with bright prospect of source of revenue.

Enough industry to employ anyone who wants to "stay home" to earn their livelihood.

Today's sound financial condition of Beat 5 and Hancock County, and its many improvements stand as evidence of what capable and honest leadership of your tax dollar has accomplished. Progress has been made during these years which no one has ever enjoyed in previous administrations.

Because of the opportunity for expansion and growth which Beat 5 and the entire Hancock County has, it is essential that the efforts of the County be managed by someone who is known by reputation to have financial responsibility, and whose policies in public office are WELL KNOWN! Sound leadership is proven by ACTIONS... not words!

When a PUBLIC OFFICIAL works for the PEOPLE and the COMMUNITY unselfishly, with no thought of PERSONAL gain, the results are bound to be of benefit to ALL.

RE-ELECT R. G. (MANNY) HUBBARD,

Supervisor Beat 5

and help our county CONTINUE TO GROW!

Miss McCutcheon weds Navy flier

Memorial chapel of the Navy Station at Cecil Field, Jacksonville, Fla., was the setting for the wedding of Miss Mary Margaret McCutcheon and John Robert McCutcheon, Jr., of Irving, Tex., at 4 p.m. July 15 of last week. The bride was escorted by William Perry, Jr., of Waveland, Miss. The groom was escorted by William Perry, Jr., of Waveland, Miss. The bride's parents are Mr. and Mrs. Donald A. Wade of Jacksonville, Fla. The groom's parents are Mr. and Mrs. John Robert McCutcheon, Jr., of Irving, Tex. The bride is a graduate of the University of Southern Mississippi and taught for several years in Ocean Springs, Fla. The groom is a graduate of the U.S. Naval Academy and has served with the 2nd, 6th and 7th fleets aboard the USS Independence and the USS Shangri-la.

MRS. HENRY MORGAN RICHARDE, JR.

MR. AND MRS. ROGER MELVIN SCHARP

Pair wed at Mormon temple

Miss Sandra Jean Lodner, daughter of Mr. and Mrs. Vernon L. Lodner of Bay St. Louis, and Roger Melvin Scharp, son of Mr. and Mrs. Melvin C. Scharp of Kayoville, Utah, were married at 8 a.m. June 23 in the Mormon Temple at Salt Lake City, Utah. Elder Delbert L. Stapley performed the double ring ceremony. The bride was given in marriage by her father. Miss Patricia Blaylock of Liberty was maid of honor. Bridesmaids were Monica Audene Scharp and Carol Scharp of Kayoville, daughters of the groom. Miss Dorcas Lodner, sister of the bride, was junior bridesmaid. Richard Lambert of Salt Lake City was best man while groomsmen were Richard Thorecon and Richard Waite of Kayoville. The reception took place afterwards in the cultural hall of the Kayoville Santa Canyon. Arrangements of daisies and candles adorned the reception room. Assisting in caring for the guests were Mr. and Mrs. Art Cheek, Mr. and Mrs. Donald Wright, Misses Elaine Forrest, Gloria Barson, Diane Umpleby, Bonnie Dry, Patricia Garrett and Marilyn Manning. The couple is now at home in Great Falls, Mont. The bride is a graduate of Bay High School and the groom of David County, Utah High School. Grandparents attending the ceremony and reception were Mrs. Laura Lodner and Mr. and Mrs. Floyd Nelson.

City Echoes

Mr. and Mrs. Ralph Marochio have as guests this week for dinner, Mrs. Ralph Marochio, Mr. and Mrs. Stephen Tomalak, Mr. Tomalak and their son, Eric, and Mrs. John Di Emma and son, Johnny, of Chicago, Ill.

Mrs. James M. Robert and her sister Mrs. Edwin M. Hacker of Pensacola, Fla., who visited with her for the past two weeks, spent a week in New Orleans. While there they were accompanied at a round of informal luncheons and dinners. Mrs. Wallace Bonetto has as guests this week her father, S.P. Straghan, and her sister, Mrs. Isabelle Straghan, and grandchildren, Lucille and Jimmy Straghan of New Orleans.

Weekend guests of Mrs. James M. Robert were her nephew, Edwin M. Hacker, Jr., Mr. C. Stephen, Philip and Bruce of Pensacola, Fla. They were accompanied back Sunday by his mother who was visiting her sister, Mrs. M. Robert. Mrs. Fred Haglund is back from a week's visit with her mother, Mrs. A. J. Calhoun in Memphis, Tenn. She was joined over the weekend by Mr. Haglund.

Mr. and Mrs. Donald Camp of Houma, La., were weekend guests of her parents, Mr. and Mrs. James Legasse. Capt. and Mrs. Harold Pettit have as guests this week her nephew, Russell and Errol Oliver of New Orleans, and Richard Oliver of Houma, La. Ensign and Mrs. Warren Traub, Jr., visited relatives in Jackson and Bogalusa Monday and Tuesday. They are leaving today for Pensacola, Fla. Mrs. John Chavis and daughter, Beth, and Mrs. Orca Cuevas and children, Betty and Righy, are back from a visit in Florida. While in Orlando they were guests of Mrs. Chavis' cousin, Mr. Chavis, and daughter, Mrs. George Proulx and family.

SAVED OVER \$1,000 - Larue and Lavon Erwin needed truck for business and found just what they wanted at their price.

We needed a Tandem truck for our gravel business. We live in Gulfport and have always tried to do business there. However, this friend of ours told us about Dave Sloan and the courteous people at Gerry Lane Chevrolet. Since no one tried to find what we were looking for, we decided to try Dave. He found a truck to fill our needs and saved us over a thousand dollars. We certainly recommend Dave Sloan and Gerry Lane to all our trucking friends. LARUE ERWIN LAVON ERWIN Gulfport

MR. AND MRS. DAVID M. OHLMEYER

Dana Simmons wed Saturday

Our Lady of the Gulf parish church was the setting for the wedding of Dana Simmons, daughter of Mr. and Mrs. Donald H. Simmons of Waveland, and David M. Ohlmeier of New Orleans, on of Mr. and Mrs. Marvin Ohlmeier of Bay St. Louis and New Orleans.

Rev. Richard Samuels presided at the ceremony. The bride wore a white gown with a full skirt and a long train. She carried a bouquet of white flowers. The groom wore a tuxedo. The ceremony was held at 2 p.m. in the church. The bride's father, Mr. Donald H. Simmons, and the groom's father, Mr. Marvin Ohlmeier, were the officiating fathers. The bride's mother, Mrs. Dana Simmons, and the groom's mother, Mrs. Marvin Ohlmeier, were the officiating mothers. The ceremony was attended by many guests.

The bride, a 1966 graduate of Bay High School, is a recent graduate of the University of Mississippi. She is a member of the Beta Beta Beta sorority. The groom, a 1966 graduate of Notre Dame High School, is a member of the Loyola University of New Orleans. He is a member of the Delta Sigma Phi fraternity. The couple will be married at home at 5805 Laurel St., New Orleans.

After their return from a wedding trip along the Gulf Coast, Mr. and Mrs. Ohlmeier will be at home at 5805 Laurel St., New Orleans. The bride's father, Mr. Donald H. Simmons, and the groom's father, Mr. Marvin Ohlmeier, are both in the oil industry. The bride's mother, Mrs. Dana Simmons, and the groom's mother, Mrs. Marvin Ohlmeier, are both in the education field.

The couple had a reception at the home of the bride's parents. The reception was held from 6 p.m. to 10 p.m. The bride and groom were the center of attention. They received many congratulations from their friends and family. The reception was a success. The bride and groom are now happily married.

NOTICE to the PUBLIC

On June 10, 1960 the City of Bay St. Louis adopted a compelling ordinance which was a condition and requirement of the Bond Indenture making it mandatory that upon completion and acceptance of the Sanitary Sewage Collection System that all residence and businesses where the sewage service is available at the property line must tie into the system within six (6) months.

Notice is hereby given that the six (6) months period for tying into the system began on September 1st and expires on September 1st, 1967.

The Commission Council upon the completion of all residents is still responsible of the Sanitary Sewage Collection System as per ordinance.

A Personal Message from

WILLIAM WINTER

...the "Fight-to-Win" Candidate...

to every citizen of Mississippi who is dedicated to the principles of home rule and states' rights!

The people of Mississippi have an inherent right to home rule. They have a right to own property and earn a decent living. In short they have a right to run their own affairs.

Many of these basic rights are being attacked today. A lack of strong effective leadership from the State Capitol in past years and continuous onslaught by the bureaucratic socialists in Washington have combined to strangle many of our hopes and dreams.

The people of Mississippi, however, are a proud people with a strength and courage second to none. They are God fearing, patriotic people who believe in our constitutional form of government, have a willingness to accept responsibility with their freedoms, and are determined to maintain law and order within their state. They want to win!

As a fifth generation Mississippian I share these basic beliefs and I assure every citizen of Mississippi that I will fight to defend them.

I believe that my background and experience have given me the insight and strength to fight our battles for Mississippi... and more importantly to win. My boyhood life on a farm has taught me the sweat and rewards of hard work. My close associations with distinguished Mississippi leaders like Senator Jim Eastland and Senator John Stennis have given me an intimate knowledge and keen appreciation of the right way to fight and win. My military service in World War II and Korea has given me a deep appreciation of our American way of life. My work as State Tax Collector and as State Treasurer has given me an insight into the workings of state government at all levels. My experience as a lawyer and as a State Repre-

sentative has helped me to better understand the ways and means to stand up and speak up for the people of Mississippi effectively.

The fight to win for Mississippi will not be easy, but it can be done. In order to win this fight I propose a four point plan including the following:

1. Law Enforcement
2. Legislative Action
3. Information Program
4. Will-to-Win Leadership

1. Law Enforcement—I can assure every citizen of our state that law and order will be enforced in Mississippi during my administration as Governor. We are a nation founded on law and we will not permit inside or outside agitators to break our laws and to bring the resulting violence and bloodshed which follows. We will not permit crime in the streets and we will not fan the fires through loud threats, phony headlines or behind the scenes scheming. Instead we will have common sense leadership that represents the spirit and thinking of 99% of Mississippi people.

2. Legislative Action—Everyone knows that the real fight against the Federal Courts, Federal Congress and the Federal Bureaucrats has to be fought on the battleground in Washington. We will stand solidly behind the efforts of our congressional delegation in Washington in getting us relief from present laws and in initiating an offensive campaign. Anti-riot legislation must be passed. The HEW Guidelines must be rewritten. This is a national problem not confined to the South and we must give our delegation every bit of support humanly possible to make sure

the President, the Congress and every bureaucrat in Washington knows that the American people have had enough.

3. Information Program—There is no doubt that the national press has on many occasions distorted and completely lied about happenings in the State of Mississippi. It is our job to tell the nation and world the true story of Mississippi. To achieve this I would recommend the appointment of a special information officer working with the Governor and with the legislature to help coordinate a program that would help us achieve this point. We would work with other southern and national leaders who share our basic beliefs.

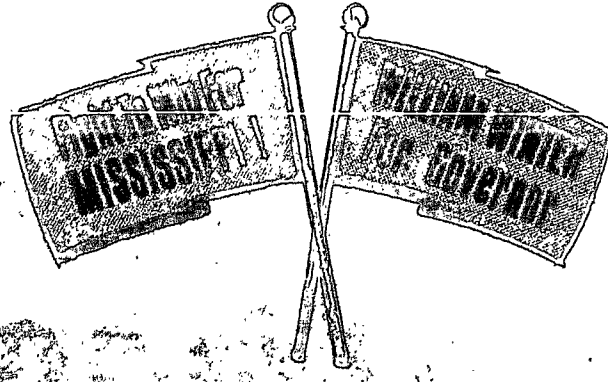

Across the nation public opinion today is more sympathetic toward our cause than any time in the last decade and it is up to us to capitalize on it.

This requires leadership, the best thinking of our best people, and detailed planning.

4. Will-to-Win Leadership—The people of Mississippi are tired of people who quit their jobs before they are finished and losers who can't effectively fight our battles.

The winning spirit in Mississippi must come from the top. This demands a chief executive who is physically and mentally tough, remains cool in hot situations, exercises sober judgement, and is willing to fight. This I promise to the people of Mississippi.

William Winter

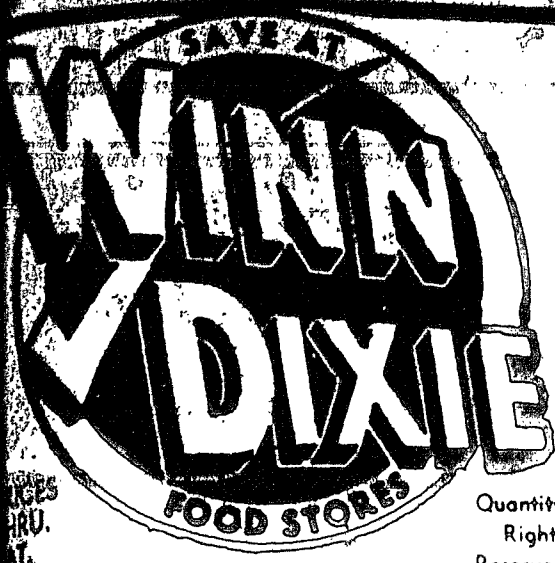

RICHARD M. HARRIS, Hancock County Campaign Chairman

If you are tired of having outsiders poke their noses in our business... If you are tired of seeing Mississippi criticized by ignoramuses who know nothing about our state or its people... If you are tired of politicians who talk a big game but wind up selling our state down the river... If you want a WINNER instead of a loser in the governor's chair... then

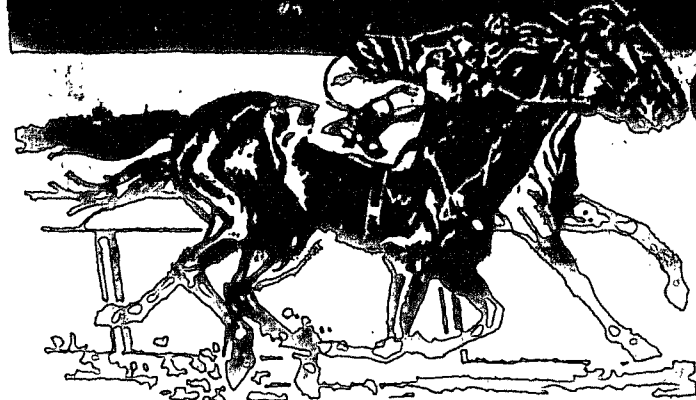

JOIN WILLIAM WINTER IN HIS "FIGHT TO WIN... FOR MISSISSIPPI!"

SOLD AFTER DEMONSTRATION—Shannon Walker made up his mind to buy Camaro after Herb Baron demonstrated three different cars.

I work for General Electric at the Tech Site, and have been working about the same for 15 years. The most important thing in my life is my car. I am convinced that a car is just a by-product of the life I live. I would also like to thank and commend Herb Baron for his help. I had no idea what I wanted and he concentrated three different cars to me to help me in making my decision. This kind of cooperation is the reason people are talking about Garry Lane Chevrolet.

Adv. SHANNON WALKER

"WON'T YOU HELP ME TO HELP YOU"

(Pd. Pol. Adv.)

At this particular stage of the game we're suffering from a severe case of the "pre-election jitters". The most common symptom being constant spasms of the right hand, caused from persistent and enthusiastic handshakes from about 99 per cent of the over 100 candidates hoping to emerge as the most vocal come Aug. 6. Shock to also a complaint. The thought of having all but complete strangers rush up bawling and crying, but little hands filled with cards, machines and various forms of circumlocution. It's also somewhat of a surprise to receive charming, friendly smiles from a few of the candidates. Typically, normally wear long thin glasses. Seriously, the whole thing is a complete mess. I don't think Egan employed who have been bawling to the mid-air all about the political adventuring will shed many tears when the whole thing's over!

A new toy to play with

We've been writing and reading about rockets, moon, etc. for several years, but the fact that we're truly living in the space age became quite clear when we examined the old Margie and MacMcCaughy brought us from Cape Kennedy, one of the many steps on their recent Florida vacation. Upon glancing at the small oval plane, we immediately recalled a favorite childhood toy which featured a day Santa Claus ascending in a dark space, which would be all but obliterated by a violent light storm, which the effect was obtained by a light bulb. The plane was a wee astronaut with a wee rocket, which had a wee moon and a few stars in the background, and wiggling the control knobs caused the astronaut to appear to fly over our heads. It's the same in brief, readers will know we've been playing with this new toy!

Back to the McCaughy's trip, Barry Ann's marriage to Annapolis graduate Lt. Barry McCaughy, Jr., on July 13, was lovely, and of course Barry Ann was a beautiful bride. After the wedding Margie and Bob took off for Timewill; then visited Silver Springs, Cypress Gardens and other points of interest.

With the octogenarian set

Dr. Ernest Samuel gets a hope you're feeling better with in addition to his birthday greeting. He suffered a good deal in his head in a fall at his home on Monday, which required five stitches; but apparently enjoyed friends dropping in for the 80th birthday celebration on Friday, July 21. His wife Adeline also got a birthday wish. She cut her cake on the same day.

Alphonse Favre is another octogenarian, having observed his 81st birthday on Wednesday, July 29. One of his guests was his newest great granddaughter, five-week-old Laurie Joy Bea and Lauren Senior's third daughter. Other great-granddaughters Sylvia and Malinda were also on hand to wish him well.

Violating Alphonse and wife Edna are her brother and sister-in-law, Mr. and Mrs. K. Bowby of Rustonville, Ind., and their son Ward Dwayne, who has just returned from a tour of duty in the Panama Canal Zone with the U.S. Air Force.

An old timer passes

Many old time residents will be sorry to hear of the passing of M.A. (Slim) Gilmore, who for many years operated the Plymouth-Chrysler dealership here. It was located on the corner of Dumb and Ulman Avenues where Monitor Penning Co. now operates. Mr. Gilmore died suddenly at his home in Meridian early Friday morning, July 21. He is survived by his wife and two sons, Gary, who is now in the Merchant Marine in this area, and Jimmy, a model, who recently returned to New York City from Paris. Incidentally, Jimmy is the male model now viewed on current Paget-Cole television spots. He's the "girl" watcher.

KENNEDY MONEY
FLOWING INTO MISSISSIPPI
In an effort to Defeat
Ross Barnett

A fresh batch of Kennedy Money has been sent to Mississippi in effort to beat Ross Barnett for governor in the August 8, 1967 primary. According to Associated Press reports, \$5,000 was raised at a reception given by Senator Edward M. Kennedy at a plush apartment house in Boston.

This is in addition to money previously raised by his brother, Robert Kennedy, and sent to Mississippi for the same purpose.

It also is in addition to thousands of dollars the Kennedy group has at receptions in New York, Los Angeles and elsewhere across the country.

Back in July of last year, Bobby Kennedy and a number of other men in Washington gave a \$15 a ticket cocktail party in a Washington hotel to raise money to step up activities of this group in Mississippi.

The Kennedy money is being channeled into the coffers of the Young Democrats of Mississippi, a very small group of ultra liberals set up by Hodding Carter III, Cleveland Donaly (a Negro) and Willie Silver, son of Jim Silver, that former liberal professor at Ole Miss.

WHO IS GETTING THE KENNEDY MONEY

Remember This:

- William Winter supported the Kennedy ticket in 1930
- William Winter supported the Lyndon Johnson ticket in 1934
- William Winter will support Lyndon Johnson and Bobby Kennedy NEXT YEAR!

Ross Barnett, in his kick-off speech at Pontotoc June 10, gave the so-called (Mixed) Democrats, with Kennedy money bulging in their pockets, are out to beat him in the August 8 election.

They are out to beat Ross Barnett because they want a weak liberal governor who will lead Mississippi into the Lyndon Johnson-Kennedy camp in next year's presidential election.

They know Ross Barnett will fight this all the way.

They also want to take over the Mississippi State Democratic Party.

The liberals want a man in your governor's office who will support Lyndon Johnson-Bobby Kennedy ticket in 1968. They know that Ross Barnett will actively oppose both Lyndon Johnson and Bobby Kennedy.

Help Ross Barnett defeat the Lyndon Johnson-Bobby Kennedy camp!

LUCKY ACCIDENT. The H. G. Rauch family were so impressed with Gerry Lane's repair department after mishap that they decided to trade for new Chevrolet.

My wife, myself and two boys were passing thru Bay St. Louis on the way from San Diego to Miami. We had an accident near the Gerry Lane Chevrolet. They pulled our car in and made running repairs so that we could be on our way. The entire organization was so nice and pleasant that we decided to trade. We had been thinking about a new car, but San Diego just doesn't have to offer what Bay St. Louis does. We feel the residents here are fortunate to have courteous, friendly salesmen and mechanics like Dave Stone in the sales dept., Emmett Rye and Dave Burch in the Body Shop, Gilbert Noddes in the new car get ready department. The treatment we received was outstanding in every way.

THE H. G. RAUCH FAMILY

Food service newest MTF sub-contractors

Newest subcontractor firm at NASA's Mississippi Test Facility is the ABC-Gladieux Corp. of Toledo, Ohio, now providing food services at the rocket testing center.

The firm began operation at MTF on July 1, succeeding Southern Caterers, Inc., after its proposal had been evaluated best among those of all bidders. The new firm retained many of the 38 employees who had been associated with its predecessor.

ABC-Gladieux Corp., established in 1927, provides food services at some 200 locations nationwide, including

those of major industrial firms and motel chains. At MTF they offer food service at two cafeterias and a dining room, from two food trucks and four hot food vending machines. The local manager is Paul Brunner, who resides in Slidell, La.

The firm is a subcontractor to General Electric Co., prime contractor to NASA for site and range operations and test support at the Mississippi Test Facility. Other current major subcontractors are: Harbison Descriptive, Inc. of Jackson, security guards; H.R. Morgan of Pearl, custodial; James M. Trovira, Bay St. Louis, road, grounds and building maintenance; Cook Bros. Learning Co. of Piquette, vehicle operation and maintenance; Bird Fire and Safety of Bilal, fire protection; Space Services of Mississippi, Piquette, minor plant maintenance; M & T Co. of Philadelphia, Pa., mechanical utilities; and Management Services, Inc. of Oak Ridge, Tenn., motor vehicle leasing.

STRONG,
THOUGHTFUL
LEADERSHIP...

PAUL B. JOHNSON IS BEST QUALIFIED TO SERVE AS YOUR NEXT
LIEUTENANT GOVERNOR BECAUSE:

- ☆ **EXPERIENCE** Paul B. Johnson has this invaluable quality gained over the past 8 years first as Lieutenant Governor, now as Governor.
- ☆ **LEADERSHIP** The Lieutenant Governor will preside over the Senate. The 1962 Legislature commended Paul B. Johnson's leadership by citing "... record of dedicated and illustrious service to the people of the State of Mississippi."
- ☆ **JUDGMENT** The pressures of Government are ever increasing and Paul B. Johnson has always thoughtfully, deliberately and carefully considered the best interests of all Mississippians before making decisions.
- ☆ **VISION** Because of his policy of including young people in the important operation of State government, Paul B. Johnson has proved that he sees past the problems of today, to the opportunities of tomorrow.
- ☆ **DEDICATION** Paul B. Johnson's record of service is outstanding in every field of endeavor. It was this quality that caused the 1962 Legislature to "... express its gratitude for his dedicated devotion to the welfare of the citizens of the state."
- ☆ **TEAM MAN** Paul B. Johnson knows from experience that the Governor sets overall State policy and he believes in team work.

PAUL B. JOHNSON IS PROUD to be a part of the history and heritage of Mississippi. He has sought to conduct himself in the affairs of Government so as to benefit all of the people in his every decision.

TO THE CITIZENS OF
BEAT 5,
HANCOCK COUNTY,
MISSISSIPPI:

I am an official announcement as a candidate for the office of Justice of the Peace, Post No. 2, Beat Five, of Hancock County, Mississippi.

I am well acquainted with most of you, but for those who have recently become voters in this area, I am giving the following specific information:

I am fifty seven years of age, and have lived in Bay Saint Louis all of my life. I am married and have three children, two granddaughters, my wife is the former Ethel Strahan, Washington, Mississippi.

I have previously served in the office for which I am now running, since January 1964, and also from 1940 to 1944. Between these two periods of service as Justice of the Peace I served as Game Warden for the State of Mississippi.

I am running for a candidate for re-election to this office. I feel that I am justified in doing so by my record in this office as above outlined, and as a law enforcement officer for the Fish and Game Commission. I have demonstrated during my terms of office an understanding of the problems of our young people, particularly, and that I have worked and will continue to work to bring about a solution of these problems. In all of my many years as Justice of the Peace, I have had many cases before me as Justice of the Peace, and I will in all cases deal justly and fairly between the parties involved. I will, if elected, continue to work with all other law enforcement officers in Hancock County and Beat.

I am not fit to re-elect me to this office, I assure you. I am running for my next term of office I will continue to work hard and to do my best to solve any problems that you may have, and will give you all the assistance I can.

I will appreciate your influence and your vote for me as Justice of the Peace for Post Number 2, Beat Five, Hancock County.

Respectfully,
NOLAN S. LADNER

Late with this but just found the note. Henry congratulated me on the note. Henry congratulated me on the note. Henry congratulated me on the note.

Clad to see Sunny Pine in Waveland again occupied by the Duncans. Since Lou retired he and wife Ted have been spending more and more time at their summer home. Their daughter Syd Thompson and three sons, Stephen, David and Daryl, were visitors for three weeks in June and returned for another two weeks in July. They are also expected to visit with family from Houston during July. We're hoping that Ted and Lou will decide to make Waveland their permanent home in the very near future.

Don't know the fancy word for a 90-year-old lady, but we do want to wish 'Mamma Dave' Van Buijck (Ruth Friercon's mother), a belated happy birthday. Mamma Dave apparently recovering from a recent serious illness, was 90 on June 18.

The world will pay his first visit to Betty and Teddy Stechmann, Jr., on or around Sept. 18. The mammo-to-be, the former Betty Smith, says she's sure the baby will time its arrival to coincide with that of the first hurricane.

The younger Stechmann had his parents Edrie and Teddy, and daughter Beverly, as guests in the Crescent City last weekend, and they had a ball taking in the Playboy Club and the usual French Quarter attractions.

'Our Angle' (Mrs. Jake Morreale, Jr.), fortunately hasn't had any exciting adventures of late. Perhaps the fact that she and Nole (Mrs. Nolan) Kingston are spending so much time enjoying Angle's swimming pool is responsible for the fact that she's leading such an unusually calm existence.

Fishing notes

Jacks (Mrs. Guy) Ruffin to wondering if Doc Elliott spotted her near a water hole on the golf course and assumed that she was fishing when mentioned in a recent column? Jean and Bob Stewart have similar questions: they would like to go fishing but Bob's work schedule has prohibited such activity.

Connie and J.L. Gonzales and family left over the weekend for San Antonio where they are visiting Connie's parents, Mr. and Mrs. R. Garza. They will be joined there by her brother, Mr. and Mrs. Lee Lopez and children, and the whole family plans to go to Six Flags and to Laredo, Mexico.

Pelican here

Ann (Mrs. Nick) Carbajal, who by the way rated a write-up in a recent Up and Down the Street column, called and excitedly reported sighting her first pelican in roughly 12 years - in fact since the hurricane that devastated Cameron, La. She spotted the big brown bird on her pier last Friday and wonders if anyone else saw it?

Mr. and Mrs. C. Duhe, their daughter, Mrs. Duhe's mother and her granddaughter, recently spent a week at Ann and Nick's beach cottage. The family, all from Garyville, La., spent every possible moment on the pier and in the water. The girls had lots of fun looking for soft shell crabs along the beach.

And from Chicago Mr. and Mrs. Tadeusz Obadinski and three lovely daughters, came to vacation for a week in the Carbajal home. They like the area so well and so enjoyed fishing, crabbing and eating what they caught, that they will return to Waveland. They also picked healthy sun tans to 'wear' back to the Windy City.

Local glamour gal Sunny doesn't seem in the least upset over the fact that her former romance has gone tiffy. She really hasn't had time to worry, so busily have a brand new crop of pawns been courting her.

Dominick Sander and Bud Thomas have been horsing around, so to speak. Dominick suffered a badly infected foot after stepping on a catfish barb.

HOW JOHN BELL STANDS ON AGRICULTURE

JOHN BELL WILLIAMS' 12-POINT PROGRAM FOR MISSISSIPPI'S AGRICULTURAL INDUSTRIES

1. Expansion of research in the use of chemicals, pesticides and control of insects and pests
2. Revitalization of the lagging interest on the part of the Mississippi Agricultural and Industrial Board in development of our agricultural interests, which remain the backbone of our state's economy.
3. Promotion of continued growth of the poultry and egg industry, which now constitutes the second largest money crop in our state
4. Hiring of trained personnel to assist farmers in proper control and fertilization of catfish farms
5. Intensification of a coordinated program to control and eradicate fire ants in our state
6. Continuation of the provisions under the present law whereby livestock is not on the ad valorem tax roll.
7. Retention of the policy under which most of the farm machinery used in the production of raw agricultural commodities does not come under the ad valorem or sales tax laws
8. Exemption in future legislation from the ad valorem or sales tax of some items of machinery, such as combines and cotton pickers, that do not now get the allowance
9. Continuation of the present treatment under the sales tax laws as now given for fertilizer, seed, feed, and insecticides and extension of this allowance to include tax charges that are possibly being made to farmers for storing, cleaning, handling and processing of grain and other planting seed owned by them
10. Support of provisions which will insure an adequate supply of goods which some milk produced at a profitable price to the dairy man, a reasonable profit to the processor and a fair price to the consumer
11. Increase in the funds available under the State Aid Road program in order that our farm-to-market road system may keep pace with improvement and expansion of our primary road network. The present amount of approximately \$15,000,000 available in state and federal funds is not enough for this work
12. Continuing recognition to the efforts of Lyndon Johnson and the United States Government whose ultimate goal is the destruction of our rural society because they know that it is the strongest bulwark of Conservative Government

John Bell Williams has a solid record of achievement in support of Mississippi agriculture. He has vigorously championed REA and TVA watershed and flood-control projects, research programs to develop new markets and new uses for the products of our farms and forests, and legislation to protect Mississippi's agricultural interests against unfair foreign and domestic competition.

Help elect a man who has a solid record of achievement and a positive program in support of Mississippi agriculture - John Bell Williams, Mississippi's next Governor!

John Bell Williams

SPORTSMAN OF WEEK - Spending his fishing time, Luis E. Rios demonstrates his skill in his fishing gear. Rios is equipped with electric motor in his boat to keep up on the competing members of Bay tribe.

KANTCHA KETCHUM
By L.S. (Doc) Elliot
Showers continued over most of the weekend but did not affect fishing to any extent. Plenty of fresh water fish were caught but in outside waters species and rods were just not biting. Moonlight and low tide make floundering bad. However, floundering should improve on the dark of the moon and they can be caught from now until September. Floundering is also good later than that in bays and on river banks. Campbell's Bay is a wonderful place to flounder in the fall of the year. The bayou is located at La France Camp near Pearl River. The water is low near the banks and there is a gradual drop off about four to five feet from shore.
Hard crabs are being caught from Cedar Point to the end of the seawall. Red fish are being

LEGAL NOTICE
STATE OF MISSISSIPPI
COUNTY OF HANCOCK
NOTICE OF TRUSTEE'S SALE
WHEREAS, on March 18, 1966, Lotella S. Culbreth executed a deed of trust to J. Ruble Griffin, Trustee, to secure an indebtedness therein mentioned to Peoples Federal Savings & Loan Association, which said deed of trust is recorded in Vol. 114, pages 8-9, Records of Mortgages and Deeds of Trust in Land, Hancock County, Mississippi; and
WHEREAS, default having been made in the payment of said indebtedness and the said Peoples Federal Savings & Loan Association, the legal holder of said indebtedness having requested the undersigned Trustee to foreclose on said deed of trust for the purpose of paying said indebtedness and costs;
NOW, THEREFORE, I will on the 7th day of August, 1967, within legal hours, offer for sale and sell to the highest bidder for cash at the front door of the Hancock County Courthouse in Bay St. Louis, Mississippi, the following described real property located in Hancock County, Mississippi, and more particularly described as follows, to-wit:

Commencing at an iron stake where the Southwest R.O.W. line of Railroad Avenue intersects the Southwest R.O.W. line of Farrar Street, Third Ward, Town of Waveland, Hancock County, Mississippi; thence South 45 degrees East along the Southwest R.O.W. line of Farrar Street 189.6 feet to an iron stake, which is the point of beginning; thence South 45 degrees West 186.7 feet to an iron stake, which is on the line between Lots 42 and 44; thence South 44 degrees 28' East 100 feet along the line between Lots 42 and 44, to an iron stake; thence North 45 degrees East 187.5 feet to an iron stake on the Southwest R.O.W. line of Farrar Street; thence North 45 degrees West 100 feet along the Southwest line of Farrar Street to the place of beginning. Said land being part of Lot 42, Third Ward, Town of Waveland, Hancock County, Mississippi, as per the present official plat of said Town made by E.S. Drake, C.E. and filed in the office of the Chancery Clerk of Hancock County, Mississippi, on July 5, 1965.
Together with all and singular the rights, privileges, improvements and appurtenances to the same belonging or in any wise appertaining.
I will convey only such title as is vested in me as trustee. ADVERTISED, POSTED AND DATED this, the 4th day of July, A. D., 1967.
J. RUBLE GRIFFIN

RE-ELECT WADE O. SMITH
REPRESENTATIVE POST #1
HANCOCK AND PEARL RIVER COUNTIES
(Pd. Po. Adv.)

WANTED

Claude R. (Pappy) Graham
Supervisor Beat 2
Claude R. (Pappy) Graham as your Supervisor for Beat No. 2, Hancock County, and will be an honest and faithful term of service that will bring a better future to all.
Previously, I am at present on the Port and Harbor Commission, and have been awarded any time and effort to bring well established industry to your county. This is my aim to be approaching success, and I intend to continue with this work.

Wanted
Francis R. Duracher who owns a home on Main Street recently retired from the New Orleans Fire Dept. Francis says he loves all kind of fishing and now expects to catch up. His home is on a bayou which empties into Jordan River.
George Wedemeyer reports catching some nice water fish out in the marshes. George is an old time fisherman who knows his fishing in outside waters. He practically lives on his boat.
Red Davis who fishes regularly is a busy man trying to get enough fish for a fish fry Saturday.
John Edward McNease was home on leave recently from the U.S. Army. John visited his mother, did lots of fishing, and left last Thursday for Vietnam.
Mr. and Mrs. Bud Thomas and family left Sunday for Denver Col. for a short visit. Bud is a good sport and will have a good time wherever he goes.
Campers at Jackson Ridge, mostly from New Orleans, are enjoying the nice picnic grounds at the beach. Fishing, crabbing, swimming, etc., are good right now and out-of-towners are welcome any time.
Rappers have come in that Pearl River is a great place for fishing. Drilling has stopped above Loggona and the river is practically clear to the marsh. This should be good news to the fishermen.
Al Kisor has invented a game called Snap-A-Fish, and is having it patented. He claims it will be nationally known as a great game and will be the biggest thing since the Hot Air Balloon. This development will be a tremendous boon.
Out fishing with an outboard motor with no other pin to him being up the river in a cove without a paddle. Keep your pin in your tackle box. It sure does make it easy to have a good time.
Kearns McCarty is one of the many candidates who will be glad when the election is over. He said he was very back on his fishing. Kearns is also a good hunter. Several hunting to his favorite sport.
Robert (Bub) Cain, Jr. is one of our best local golfers. He is one of the candidates for club champion at Port Christian Golf Club.
Mr. and Mrs. Louis Triolo are planning to make their home in Bay St. Louis. Louis is an expert fisherman and hopes to get a home on the Bay.

ELECT
LEO N. MORAN
SHERIFF AND TAX
COLLECTOR

STILL NO GIMMICKS,

NO PROMISES EXCEPT ONE -

FOUR YEARS OF DEDICATED SERVICE TO ALL
PEOPLE OF HANCOCK COUNTY!

PROMISES! PROMISES! PROMISES!

LEO MORAN HAS MADE NONE, WILL NOT MAKE ANY! ONLY PLEDGE TO WORK HARD
AND FAITHFULLY TO SERVE ALL CITIZENS, REGARDLESS OF STATION IN LIFE OR POLI
TICAL AFFILIATION.

As a native and lifelong resident of Hancock County, I have seen and heard many promises
from candidates every four years which have been honored more in their breach than in their
observance, and believing that the people should not be deceived, upon entering the race for
Sheriff, I promised only honest hard work. This I know I can do because I have done it all my
life.

Dedication to duty will bring about many of the needed changes and it is this dedication to
which I pledge myself.

I entered this race at the solicitation of no group or at the insistence of no individual, and
if elected your Sheriff, I will be free to serve all of the people alike, and pledge to leave the
office as unfettered as the day I enter.

YOUR VOTE AND SUPPORT WILL BE SINCERELY APPRECIATED!
Respectfully submitted,
LEO N. MORAN

**No need to starve
on the Gulf Coast**

By Doc Elliott

There is no use of anyone
starving on the Mississippi Gulf
Coast where seafoods are
plentiful, just for the catching.
There is no money involved
except for cooking or better still
they can be fried, baked or
broiled over a pit dug in the
ground (camp style) with an
oak wood fire started with fat
pine splinters which cost nothing.

In outside waters flounders
can be speared and soft crabs
picked up with the use of a
pine knot light made by putting
pine knots in a wire basket,
hung on a pole.

The woods are full of frogs
and turtles which can be caught
by hand.

Rabbits have been known to
have been killed with a duck.
Knitting a cast net is simple
and the net can be used for
catching fish and shrimp which
also make for good eating.

In the summertime black
berries, wild plums, persim-
mons, acupernongs can be
found. For those who like li-
quids with their meals, wine
can be made from wild elder
berries and wild cherries.

Wild figs, pecans and water-
cress can be used as a desert
and salad.

A shelter can be made with
dead branches, roped together,
with vines and covered with
palmetto leaves which in rain
proof and provides shade dur-
ing the day. It's fun making.
Water from clear streams is
drinkable and can be boiled
for safety sake.

The nights are clear and
cool, no air conditioning need-
ed, and light can be furnished
by a camp fire or a fat pine
limb ignited by a flint stone if
matches are not available.

Fish can be caught on a
hook made of a piece of wire
or a pin shaped like a hook
and baited with a grasshopper,
cricket, earth worm, grub
worm, Dobson Fly, crawfish,
small frog, or shrimp.

Fresh fish in the bayou and
rivers are perch, large and
small mouth bass, crappie,
bluegill, striped bass, fresh
water cat fish and mullet.

Salt water species are red
fish, speckled and white trout
flounders, croakers, mackerel,
drum, sheepshead, channel
bass, Jack Chevalle, hard and

LEGAL NOTICES

CHANCERY SUMMONS
THE STATE OF MISSISSIPPI
NO. 9790

To Mrs. John M. Roach, a
non-resident citizen of the State
of Mississippi, and a resident
of the State of Florida whose
street and post office address
is: Mrs. John M. Roach, Box
254, Star Route, Eustis, Flo-
rida.

You are summoned to ap-
pear before the Chancery Court
of the County of Hancock, in
said State, on the August Rules
Day, being August 14, 1967 to
show cause, if any, why the first
and final account of Mrs. George
Morrison, Executrix of the es-
tate of Mrs. Walker R. Mead,
deceased, in Chancery Cause
Number 9790 should not be ap-
proved, wherein you are a de-
fendant.

This 6th day of July, A.D.

1967.
MARIE E. QUINTINI
(SEAL) Chancery Clerk,
7/13, 7/20, 7/27, 8/3/67

cast crabs.

Hard crabs can be boiled,
while soft crabs can be fried.
Both make an excellent meal.
Socasa properly.

No boat is needed as fish
and crabs can be caught off the
beaches or by wading on
the bayou and rivers.

Building fires is easy. Start
fire with splinters and add
larger pieces of wood. Hard-
woods make the best fire.
Sitting around the fire, singing
songs, roasting marshmallows,
and waiting for a pleasure for
the whole family both young and
old. Be young again.

Don't leave a camp site until
a fire is completely out. Forest
fires are destructive. Smokey the
Bear says. Be careful when
smoking. Little matches come
from big trees. One small match
improperly used can destroy
thousands of big trees. Our wild
animals and birds die from such
carelessness. Camping has its
good and bad traits. Help make
them all good.

A real sportsman realizes
this. Be a real sport sport.
Obey all outdoor laws. It pays
off in the end.

There are places on the
beaches where camping is free
for the asking.

If one has the money to

PUBLIC NOTICE

TO THE PUBLIC AND TO THE
TAXPAYERS OF HANCOCK
COUNTY, MISSISSIPPI:

You are hereby notified that
the real and personal property
assessment rolls of the above
named county, for the year 1967
have been equalized according
to law, and that said rolls are
ready for inspection and ex-
amination, and that any objec-
tions to said rolls or any as-
sessment therein contained,
shall be made in writing and
filed with the clerk of the Board
of Supervisors of said County,
on or before the 7th of August,
1967, at his office in the Court-
house of said county, and that
all assessments to which no
objection is then and there
made, will be finally approved
by said Board of Supervisors,
and that all assessments to
which objection is made, and
which may be corrected and
properly determined by this
Board, will be made final by
this Board of Supervisors, and
that said rolls and the assess-
ments contained therein will be
approved by this Board of Su-
pervisors; and that,

This Board will be in
session, for the purpose of
hearing objections to the said
assessments which may be
filed, at the courthouse in the
City of Bay St. Louis, said
County and State, on the 7th
day of August, 1967, and

2. This Board of Supervi-
sors will remain in session
from day to day until all ob-
jections lawfully filed, have
been disposed of and all proper
corrections made in the said
rolls.

Witness the signature and
seal of the said Board of Su-
pervisors this 17th day of
July, 1967.

R. G. (MANNY) HUBBARD

SOUND LEADERSHIP IS PROVEN BY ACTIONS ... NOT WORDS!

During the years I have served you on the Board of Supervisors, I have worked unceasingly to bring about a sound, progressive government in Hancock County, putting forth my best effort to serve you well, with foresight in the expenditure of public funds, and good judgment in dealing with problems which effect your welfare.

Our county has made greater strides in the past fifteen years than in its history! Most of you will recall that during my first few years on the

Board, it was an up-hill fight. Your confidence in my integrity and leadership, and my confidence that improvements could be made and a sound financial condition realized, gave me the determination to persevere. Although when I took office there was practically nothing in the Seawall and Beat 5 funds, with the cooperation of other members of the Board, sound management soon enabled us to attain record accomplishments. Here are some REAL facts and figures!

1. SEAWALL MILLION DOLLAR DEBT PAID OFF

Original bond issue	\$1,250,000
Refunded 3 times before 1951	
Added	272,000
Paid in 26 years, from 1926 to 1952	233,000
PAID IN LAST 15 YEARS	
During my tenure in office	1,500,000

When this bond issue was finally paid off, the revenue would be converted to the STATE unless we had a Port and Harbor Commission with a project to apply to it. This financial situation allowed us to build Industrial Park and Airport, from which the entire county will be deriving the benefit upon its completion in a few years.

2. NEW HOSPITAL, \$891,000.

A modern, well-equipped hospital, which is such an asset to our County, started out with 30 beds, and an addition of 26 beds followed shortly after. THIS EXPENDITURE DID NOT COST THE TAXPAYERS ONE CENT IN ADDITIONAL TAXES.

3. COUNTY HOME, \$26,000.

This attractive, comfortable home was built in the rear of the hospital grounds, with the foresight of saving thousands of dollars by not having to buy another building site, as well as having the advantage of close medical attention for the old folks. THERE IS NO FEE WHATSOEVER TO BE ADMITTED TO THE COUNTY HOME.

4. HEALTH CENTER, \$24,000.

This modern Health Center, situated next to the hospital, has proven of great benefit to the school children of our County.

5. AGRICULTURAL BUILDING, \$60,000.

Several years ago we purchased the old Creamery building, renovating it for county offices. It houses the Agricultural Department, Welfare Department, Forestry Commission, Home Demonstration office, Soil Conservation office, and many other state and county offices.

6. WELFARE

Nearly \$10,000 a year is what the Board of Supervisors is now contributing (in rent and salaries) to aid in the distribution of commodities.

7. ROAD EQUIPMENT, over \$500,000.

In its entire history, Hancock County had never owned road building and hard surfacing equipment. During the last 15 years we purchased over a half million dollars worth of fine road building machinery. Many miles of roads have been hard-surfaced in our county with this machinery. Through the use of this equipment, USING LOCAL LABOR, THE HUGE PROFITS ON ROAD CONTRACTS ARE NOW SAVED FOR OTHER PROJECTS, and THE DOLLAR IS KEPT AT HOME. We save 67% constructing roads ourselves, which enables us to build MORE roads with your tax money.

8. ROADS BUILT

Many miles of roads have been built in EVERY PART OF BEAT 5, which were before my tenure of office only recognizable on maps. More than 50 roads have been opened and built.

9. HARDSURFACING

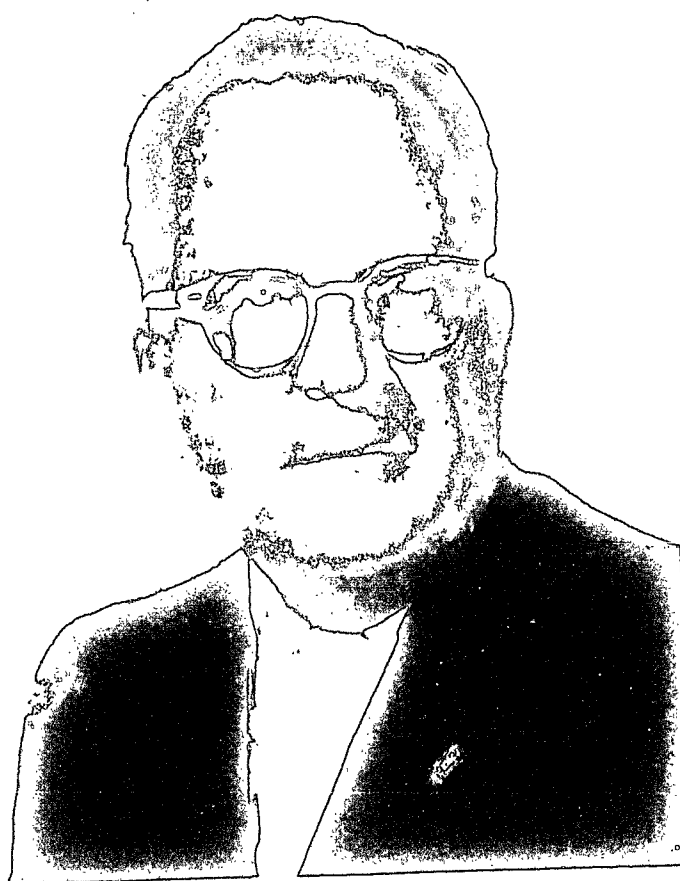

MORE THAN 30 MILES of roads have been hardsurfaced in Beat 5, with some being done right now, and many more in the planning stage.

10. AIRFIELD

With county labor and equipment, we built the landing strip which is so much in use by residents, visitors and flying enthusiasts.

11. INDUSTRIAL PARK AND AIRPORTS

Having established a Port and Harbor Commission, hired a firm of Consulting Engineers to study our potential, foreseen the opportunity to earmark funds for the benefit of our county, contracts have already been given for the clearing and grubbing of the land for our Industrial Park at Mulatto Bayou, where we will also have a 4,500 foot Airport, which will accommodate not only Jet planes connected with NASA, but a Commercial Airline, as well. Handled properly, this promises to be a great source of revenue for our County.

achievements and MANY MORE worthy and necessary projects of which space does not permit a detailed account, which all contribute to the progress of a community, have been accomplished through CONSTRUCTIVE SPENDING and SOUND MANAGEMENT of our tax funds during the years I have served as your Supervisor.

WE HAVE COME A LONG WAY! With the opportunity of expansion and growth such as we anticipate in the immediate future, and your knowledge of my policies and experience in public office, I solicit your vote of confidence in my ability to manage our County affairs, and pledge CONTINUED PROGRESS.

RE-ELECT

R. G. (MANNY) HUBBARD

and help our County CONTINUE TO GROW!

"THE FUTURE OF YOUR COUNTY DEPENDS ON YOUR SELECTION OF ITS OFFICIALS"

LeCroy gets GE assignment in Arkansas

C.L. (Chuck) LeCroy, son of Charles L. LeCroy and the late Mrs. Vera LeCroy, Harwell, Ga., has been appointed special agent-in-charge and commander for the General Electric Co.'s Advanced Production Operation at GE's Nuclear Energy Division field site in Fayetteville, Ark.

He is currently a subcontract administrator for GE's Mississippi Test Support Department which operates and provides support services at NASA's Mississippi Test Facility.

A native of Georgia, LeCroy received his BBA from the University of Georgia and later received his MBA from Indiana University. LeCroy has been with General Electric since 1950 and has been with GE's MTSD since 1964.

He and his wife, the former Lee Beam of Lincoln, N.C., and their two children currently live at 123 Laffite Dr., Waveland. While here LeCroy has been active in the Boy Scouts, Little Theater, and Hancock County Chamber of Commerce. He has served as vice commodore of the Bay-Waveland Yacht Club and is presently president of the Christ Episcopal Day School P-TA.

C.L. LeCROY

WHY?

If a prosecutor is not prepared for his case, all the experience and ability in the world is not worth a "leta." The story on the left shows what happens when the District Attorney has not properly prepared his case. Do the STATE and the PEOPLE have a fair trial when the case is not properly prepared and prosecuted?

The present DA says this young man does not have the experience. He forgot he had less experience when appointed. He has stated that this young man would not be able to handle himself before defense attorneys, such as, Eldon Adams and Howard McDonnell. It does not appear he did as well against these same attorneys in this case, after many years of "experience". This is not an isolated case, hundreds of attorneys and you will find this is typical and how could you expect otherwise when you consider the demands of a litigious private practice.

NOW is the time for a change. The PEOPLE and the STATE need and deserve a full-time District Attorney with no personal interests, so that all cases can be properly and completely investigated, prepared and prosecuted. This young man is eager and able to serve you in this manner as you should be served. Won't you give this young man an opportunity?

ISN'T IT TIME FOR A CHANGE?

THE STATE OF MISSISSIPPI

To WALTER L. LAWRENCE,

a non-resident citizen of the State of Mississippi, whose post office and street address after diligent search and inquiry is unknown.

You are summoned to appear before the Circuit Court of the County of Hancock, in said State, on the 2nd Monday of September, A.D. 1967, to defend the suit No. 4346 in said Court of Times Picayune Publishing Corp., wherein you are a defendant.

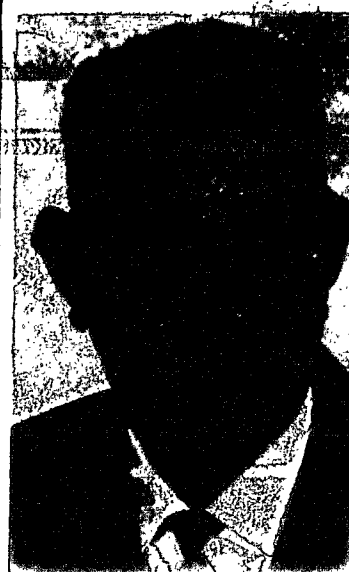

This 11th day of July A. D. 1967.

LAMAR OTIS,

(SEA L) Circuit Clerk

By Carolyn C. Ring, D.C.

7/13, 7/20, 7/27, 8/3/67

DON'T ACCEPT PROMISES
ACCEPT RESULTS

I am presently discharging with the necessary parties, the possibility of Computer machines in the Tax Collector's Office. It is in as all possible and feasible, when about Sheriff of Hancock County, I will have the Ad Valorem Taxes and Licenses Tags handled by a Computer machine. This service will in no way affect the number of employees in the Tax Office, but will prevent the long waiting lines during tax paying time.

I will furnish the same service to the taxpayers as I am paying time as I did from 1960 to 1964 and, wherever possible, I will improve this service.

When I was Sheriff from 1960 to 1964, I started the same tax system which is still followed at tax paying time. At Hancock tax time, we will have stations throughout the County for your convenience.

the PRICE is RIGHT.

Williams hurls All-Star victory

Randy Williams, pitcher for the Bay St. Louis All-Stars, pitched a brilliant game in the final game of the tournament, Monday night, July 24, in the opening game of the district competition at Moss Point. Williams, who was supported by the performance of the other players, handled 10 batters, 3 infield flies, 2 outfield flies, any of which could have gone for extra bases, and accounted for 18 outs, the other 18 being accounted for by the other players, committing no error.

There are seven teams in the double elimination tournament at Long Beach. Tuesday night's schedule was Bay St. Louis vs. Piquette, Long Beach vs. Piquette, and St. Martin vs. East Central. Winner of this tournament will go to the state playoffs at Columbus and state semifinals to the Dixie World Series playoffs.

In Monday's game, the Bays blasted five runs to take a 5-0 lead in the first inning and were never headed. Randy Williams drew two walks in the first frame, Dave Kenny and Alvin Lafontaine also walked; Randy Pernicelli and Randy Williams singled, Dale Ladner doubled, Tommy Thornton was hit by a pitched ball, a fielder's choice by Ray Richardson and a Moss Point error accounted for the Bay's scoring. Manager Lee Paul said he

Ducat sales brisk for all-stars

Officials of the annual North-South All-Star football and basketball games announced that advance ticket sales are way above previous years indicating an all-time high in attendance. All games began today and ended yesterday.

The North football squad has been installed a seven-point favorite but South coach Ed Reed, now living in Plesylvania, has full confidence in his grid-dars. Each team is allowed 60 members and of the South, 14 are from the Coast. As fall-back will be Alan Romberg, Bay High star, Bruce Jones, Moon Point, and David J. Hardy, Hardochburg.

The basketball games will be played Saturday afternoon and reports from Jackson are that the gym will be packed with fans eager to watch the all-star game. 1 p.m. ticket cager, Bay High's Mike (Go-Go) Nacato, in action and you can bet the odds will favor the South in this fracas.

A MAN WHO CARES...

BERT STIEFFEL CARES ABOUT:

- ★ EDUCATION
- ★ INDUSTRY
- ★ FARMERS
- ★ ELDERLY
- ★ TOURISM
- ★ BUSINESS

BERT STIEFFEL CARES ABOUT YOUR FUTURE!

- ★ FAMILYMAN
- ★ BUSINESSMAN
- ★ CIVIC LEADER

My concern about the affairs of this district are selfish. I care about the education of my five children. I care about the education of your children. I want to assure them a quality education, and I intend to work toward that end as your Representative.

I care about our young people having to leave our district to get good jobs. I will use all the influence and energy at my disposal to convince industry to locate in our district. I will cooperate fully with local Chambers of Commerce and other elected officials to achieve this goal.

My friends on the farm can be assured a voice in Jackson. Increased jobs and greater prosperity will mean a better market for their crops. My door will always be open to ALL the citizens of this district.

I am concerned about the elderly, and their need for a respectable increase in benefits. Development of parks, recreation areas and waterways will increase and retain our tourist industry.

As a businessman, I know what it means to operate efficiently. I know what it means to make a payroll, week in and week out. I approach state government as a business which should... and must... be run efficiently.

Bert Stieffel's record in Hancock County is one of interest and achievement. As director of a Civil Defense he has managed the activities of nearly 300 volunteer workers. He has been available day and night for search and rescue work. His time and energy has been given unselfishly in this work. Why? Because Bert Stieffel cares about his fellow-man.

Concern about his community is nothing new to Bert Stieffel. His sincerity and dedication was noted last year when he was named as Hancock County's Outstanding Young man.

Put this concern and sincerity to work for you. As your Representative, Bert Stieffel will provide the same energy and enthusiasm that has been his mark of leadership.

Herbert L. "Bert"

Hancock auto tags up 6.5%

Showing a 6.5 per cent increase of over 1965, Hancock County vehicle registrations for 1966 registered 9 per cent of all such registrations in the state.

The increase fell between the figures of two other coastal counties. Harrison was up 9.86 per cent and Jackson 6.08 per cent.

Eight thousand, eight hundred and eleven vehicles of all types bore Hancock plates in 1966 and this number had increased to 9,858 last year. Harrison and Jackson showed 54,035 and 59,865 and 82,697 and 84,620 respectively.

The 1966 figure was a 28.27 per cent gain for Hancock over 1965 whereas Harrison showed only a 4.76 per cent and Jackson a 9.47 per cent increase for the period.

Hancock's percentage hike from '65 to '66 was 19.46 reported by Louisiana county.

SOLD ON PRICE AND SERVICE-Evangeline and Glen Kamuf and poodle Fifi were pleased with price, service and salesman Dave Sloan.

My wife Evangeline, our pet Fifi and myself decided on a new car. I represent Toledo Sales Company on the Gulf Coast. My job requires a great deal of traveling and dependability, economical operation are the two factors in my automotive transportation. This is the reason we chose Chevrolet. After deciding on the type of car we wanted to buy, we needed to find a dealer who would give service and be willing to trade at a price we could afford. This is why we chose Gerry Lane Chevrolet. We have needed a salesman who would help us with our decision. We found our experience, helpful and enthusiastic salesman in Dave Sloan.

Williams hurls...

(Cont. from Page 1-C.)
Dale's Monday game that his team has played for beyond expectations. Most teams in district competition are composed of 12-year-olds while the Boy's have a 10-year-old center fielder, a 10-year-old left fielder and a second baseman, and an 11-year-old first baseman. In other games Monday Pecos won 3-0, Long Beach 3-0 and St. Martin 3-0. Picayune 3-0.

Hitting summary for the Boys: Dale Leiner, a single and double in three trips, Randy Williams, and Randy Fernandez, 1/2, Bill Carr, 1-1.

A PERSONAL MESSAGE FROM BOYCE HOLLEMAN DISTRICT ATTORNEY

TO
THE CITIZENS OF HANCOCK, HARRISON AND STONE COUNTIES:
(Second District)

I take this opportunity to make my formal announcement as a candidate for re-election as your District Attorney in the Democratic Primary on August 8. In doing so I lay before you a record of public service as a member of the legislature from Stone County from 1947 to 1953, and for the last 14 years as your District Attorney. This record includes the handling of approximately 5500 felony cases including more actual trials than any District Attorney in the history of the District. The court records in the counties of this District would reveal that I have vigorously devoted myself to the duties of the District Attorney's Office. The best evidence of this is that we are one of the few districts in the United States where crime has not increased in proportion to our population increase. This has been true even in the face of great economic changes, and although we are situated along the arterial flow of human traffic from East to West in the United States.

You honored me in 1953 by electing me as your District Attorney and re-electing me in 1955, 1959 without opposition, and in 1963 by an overwhelming majority of the vote cast. While I am personally acquainted with the vast majority of the people of the district and my record and personal history is well known to you, still there are many new citizens and new faces, and for their consideration I submit this brief biographical background.

I am now 43 years of age and the father of 5 children. David 19, a student at Jeff Davis Junior College in Gulfport, Diane, my only daughter, a sophomore in Stone Consolidated High School, Micheal, Timmy, and Dean, all students in the Stone County Grammar School. I am the son of Mrs. Ruth T. Holleman and W. Clifford Holleman who died in February of this year. My grandfather was Jesse Holleman who was born in Hancock County, the son of Jeremiah Holleman who was born in 1824 in Hancock County. My great-great grandfather, Moody Holleman, settled in the western part of Hancock County after fighting with Andrew Jackson in the War of 1812 in New Orleans. These pioneer citizens of the Coast Area, were buried at Gainesville, Mississippi where the NASA Space Project has now been developed.

I attended Wiggins High School, graduated in Junior College, and received my B.A. and LL.B. Degrees from the University of Mississippi. I am in my 18th year of active practice of the law and have had wide experience in the trial of criminal and civil cases. In World War II, I entered the United States Navy at 18 years of age as a Seaman (2-C) Second Class, and was retired at 22 years of age as a Lt. Commander because of combat disabilities suffered when as a naval aviator I was shot down making a torpedo bombing run in the invasion of Saipan. In 1947 the people of my native county of Stone elected me to the State Legislature while I was still a law student at the University. I served in this capacity until resigning to become District Attorney in 1953.

The man who occupies the District Attorney's Office has tremendous responsibilities. Day by day decisions must be made by him that directly affect the life and liberty of not only the particular individual charged with crime, but also, the establishment of a fair system of justice in the district where we live. The District Attorney bears the ultimate responsibilities for the trial of all serious criminal cases. In this day and time when the decisions of the Supreme Court of the United States seemingly have surrounded law enforcement officers with hindering technical decisions, it is more important than ever that the District Attorney be not only experienced but also learned in the law. The law enforcement officers that you elect and select must rely upon the District Attorney's counsel and advice. The District Attorney is also charged with the responsibility of securing support for deserted and neglected children under the Uniform Reciprocal Support Act. It was primarily for this reason that the Mississippi Legislature has given me two assistants, and to these positions I have appointed Clyde O. Hurlbert in 1960 and Albert Nodaise in 1966. We have hundreds of files in our offices involving the recovery of support for deserted children.

I want to thank the people of the District for the very high privilege of having served you as your District Attorney for the last 14 years. When you elected me to this office, I promised that I would be a devoted District Attorney who was not for sale and could not be bought. I have kept the faith with you and today the office of District Attorney in this District bears that reputation with good and evil people alike.

I thank you for having been a part of my life and for letting me be a part of yours. I humbly ask your vote and influence on August 8.

Sincerely,
Boyce Holleman

Can I Count On You?

My Dear Friends:
I believe that one should prepare himself by education and business experience before seeking for a position of public trust and I can say, without reservation, that I have met that requirement. I have the ability and preparation to serve well as your Supervisor, representing Beat 1 and all Hancock County, and I have the sincere desire to serve. All I need now is the opportunity and only YOU can give me that.

Will you please give my character and qualifications your close scrutiny and, finding I merit your confidence and support, join me in my effort to win this race and win for Hancock County four years of service of which you can be justly proud?

CAN I COUNT ON YOU AUGUST 8?

In Earnest For Good Government

CHARLES A. RUSS, III

Candidate for Beat 1 - Supervisor

ANNOUNCES FOR
Circuit Clerk

TO THE PEOPLE OF HANCOCK COUNTY:

This is my sincere appeal to you in seeking your help and support for election to the office of Circuit Clerk. I am thirty five years of age, am married to the former Betty Moran, and we are blessed with five children, ages 12, 10, 8, 7 and 6.

I believe in the future progress of our county and hope to be a part of its expansion by serving you as your Circuit Clerk.

I attended St. Stanislaus and was graduated from Dedaux High School.

For the past five years, I have been employed at Industrial Enameling Plant in Bay St. Louis. For the past seven and one-half years, I have been serving as deputy sheriff and have become familiar with the duties of the office of the circuit clerk in that capacity.

I STAND FOR YOUTH, ABILITY AND PROGRESS!

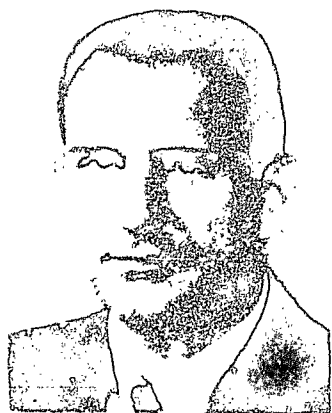

SINCERELY,
JAMES C. LADNER,
CANDIDATE FOR CIRCUIT CLERK
Paid for by Friends of James C. Ladner.

I need your help and support,

Won't YOU help elect;

Ronnie McCullough

Justice of the Peace

Boat 5 - Post No. 2

(Pd. Pol. Adv.)

Commissioner of Insurance
State of Mississippi

WALTER DELL DAVIS

Proper Regulation Of Insurance Is A Man-Sized Job . . .
Re Elect A Proven Public Official

WALTER DELL DAVIS, seeking re-election as COMMISSIONER OF INSURANCE, has an outstanding record of public service.

- o He served his country in the Mississippi State Legislature
- o He served as Secretary of the Mississippi State Senate
- o He served as the first Chairman of the Mississippi Workmen's Compensation Commission
- o He is now serving as Mississippi's Commissioner of Insurance.

WALTER DELL DAVIS has always acted in the public interest in whatever office he may have held. His pledge to you is four more years of courteous, efficient service if re-elected to the office he now holds.

Vote For The Candidate Qualified By Both Training And Experience

Re-elect

WALTER DELL DAVIS

This ad sponsored and paid for by local friends of Walter Dell Davis, who believe that the first step toward good government is the election of qualified public officials.

At swim meet

Six from Bay win at state

After a full season of training and active competition, six members of the Bay St. Louis swimming team have won spots among the top eight swimmers in Mississippi in their respective divisions.

Last week at Columbus, the

eight in the cross country for the championship in each division in the Mississippi State Swimming and Diving Championships, an SAU sanctioned event, and two of the local Torpedoes won second place state.

TINY TORPEDOES - Competing for state championships last week at Columbus, Pat Anderson, left, placed second in the 50-yard butterfly stroke for 10-year-olds and under, and Bobby Allen, right, was second in two events, the 50-yard back stroke and the 25-yard free style in the under-eight group. Pair will compete with Louisiana's top swimmers at an all-star meet Aug. 5 in New Orleans. (Photo by Engelhorn)

Bay Dixie Youth win district slot

Randy Williams hurled a two-hitter Thursday night at Piquette enabling the Bay St.

Louis Dixie Youth League All-Stars to beat the Piquette Americans 6-1 in sub-district play and assuring the Bays a berth in the District Tourney that started Monday at Long Beach.

The local lads got walloped 13-3 by undefeated Piquette National in the finals of the sub-district affair Friday but the rules provide a spot for both winner and runner-up team. The surviving teams of this week's tourney advance to the state tournament at Columbus. Next level in the Dixie World Series at Chattanooga.

In Thursday's sparkler, Williams had a no-hitter going for five innings but appeared to tire in the sixth allowing two hits and one run. He went the distance, striking out seven while giving up only one pass. A single by Ray Richardson, a walk and two errors by Piquette accounted for four runs in the first inning, more than they needed.

But Friday the tables were turned, Don Kollar of the Piquette Nats turning in a brilliant performance on the mound with 17 strikeouts while allowing five hits. The Bays used three relievers but couldn't stem the tide, the loss being charged to Doug Harrington.

Mr. and Mrs. W. D. Kellings have as a guest their grandson, Bobby Harter of Evanston, Ill.

Competing in the eight-year old and under group, Bobbie Allen was second in two events, the 50-yard back stroke, and the 25-yard free. Pat Anderson was second in the 50-yard butterfly, fifth in the individual medley and sixth in the 50-yard free. He is in the 10 and under group.

The pair qualified to compete in the all-star meet Aug. 5 in Lymann Park, New Orleans, the top three swimmers in each division from Mississippi and Louisiana being eligible.

Others from the Bay who finished among the state's top eight and who competed for the state championship last week were: Porter, 10 and under, fourth in the 100-yard free, fifth in the 50-yard free and seventh in the 50-yard back; June Porter, 12 and 14, fourth

in the 50-yard free; Holly Vegas, eight and under, eighth in the 25-yard free; Jimmy Allen, 10 and under, eighth in the 100-yard free.

Others who took part in the meet were Jules and Chris Lagarde, Strat and Greg Polk, Steve Marshall, Allen Howie, Clay Wagner, Noel Phillips, Bill Anderson, Tommy David and Anna Jean Landon, Susie Anderson, Prima Luke and Mark Walsh.

An accompanying group were Mrs. Fred Wagner, Mr. and Mrs. R. Allen, Mrs. David Walsh, Mrs. John Landon, Mrs. O. J. Howe, Mrs. David Polk, Mr. and Mrs. W. A. Phillips, Jr., Mrs. Paul Vegas and Mrs. William Anderson.

Cook wins Waveland gals' play

An estimated crowd of 2,000 attended the Waveland Women's Softball Tournament Sunday in Flwood Memorial Park, Waveland, won by Cook Brothers of Piquette. Proceeds of the event were earmarked for a lighting system for the park.

Other results were: Broadview Restaurant 7, Road Runners of Long Beach 3; Dough Girls of Waveland 6, Saints of Long Beach 5 in extra innings; Cook Brothers 10, Levi Nursery 3; Kibbie's Youth Center 9, Moran's Amusements 7; Handy Pantry, Piquette, 10, Dough Girls 9; Cook Brothers 11, Broadview 3; Kibbie's 8, Handy Pantry 3.

TO THE PEOPLE OF 3rd WARD WAVELAND

I wish to express my appreciation for the splendid vote I received from the Voters of Ward Three.

As you know, I am in the 2nd primary so your Vote and Influence will be sincerely appreciated.

Thanks Again.

Herman Yarborough

ELECT JOHNSON SHAW SUPERVISOR DISTRICT THREE

... I BELIEVE ...

1. In working toward a county-wide approach to our social, political and economic problems. In this respect I fully assume the responsibility of representing the interest of all Hancock County, irrespective of boundaries, geographic or imaginary.
2. That we should fully exploit our industrial potential and thereby create more jobs. Through industrialization our financial needs could not only be met but surpassed, to the extent that emphasis could then be placed on other sorely needed projects.
3. In a continued spirit of mutual cooperation among the municipalities and the county at large. This is not only desirable, but essential to the best interest of all.
4. In supporting the religious, social and civic groups of our county.
5. In working in close conjunction with our retired citizens, many of whom I have found to possess an abundance of knowledge, experience, and training.
